

## Treaty To Ban Nuclear Arms To Take Effect

WASHINGTON (AP) — The treaty to ban the spread of nuclear weapons takes effect today with ceremonies in Washington, London, and Moscow.

President Nixon arranged to attend the Washington ceremonies, a formal diplomatic affair in the flag-decked International Conference Room of the State Department.

The nonproliferation treaty originally was signed by the three nuclear sponsors—the United States, Britain and the Soviet Union—July 1, 1968. President Johnson hailed it as "the most important international agreement since the beginning of the nuclear age."

In Moscow, Premier Alexei Kosygin called the treaty an important step toward "ridding mankind of the threat of nuclear war."

At the same time, he urged all nuclear powers to "do everything possible to speed up progress toward general and complete disarmament." And he noted that "the nuclear nonproliferation treaty does not liquidate nuclear armaments."

It took until today to accumulate enough ratifications to bring the treaty into force. It takes effect when ratified by 40 nations plus the nuclear three.

As of Wednesday, 40 countries had ratified including Britain, but not the United States and the Soviet Union.

Under the treaty, the nuclear powers agree not to provide atomic weapons to nonnuclear states and the nonnuclear countries pledge not to acquire them.

## Fourth Sea Coast Label Suggested For Great Lakes

WASHINGTON (AP) — Rep. Earl F. Landgrebe, R-Ind., introduced a bill in the House today to designate the Great Lakes as a fourth sea coast of the United States.

He said his bill is sponsored by both Republicans and Democrats.

Under his proposal, ports on the Great Lakes would be recognized as co-equal in foreign trade legislation with those on Atlantic, Pacific and Gulf coasts.

"This bill would recognize the growth of our mid-continent into the largest exporting section of the United States and would facilitate trade between this region and the rest of the world," Landgrebe said.

LABOR SECRETARY George P. Shultz appeared before the Senate Labor Committee Wednesday asking Congress to block rail strike. Congress backed him and the walkout has been averted temporarily. (AP Wirephoto)

## Cutbacks Told

## More Military Bases To Close

WASHINGTON (AP) — The Pentagon plans to shut down or reduce strength at 371 military installations here and abroad, a move designed to save more than \$914 million.

In announcing the plans Wednesday, Secretary of Defense Melvin R. Laird said the reductions were forced by congressional budget cuts in defense spending.

But the economy drives are expected to draw criticism from congressmen whose districts will be hard hit.

The cutbacks will affect 93,900 jobs, including 58,600 positions manned by civilian personnel, Laird said.

Members of Congress have been told what facilities in their districts will be involved, but Laird said a complete list of the domestic cutbacks won't be released until Friday.

A public disclosure of the overseas cuts will be held back until the affected foreign governments are consulted, the secretary said.

In the United States, it appeared many bases will be reduced in size. And it was learned that plans call for the closing down of Floyd Bennett Naval Air Station in Brooklyn

and the transfer of the Army Intelligence School at Ft. Holabird, Md., to Ft. Huachuca, Ariz.

Manpower reductions range from a loss of 1,550 men at the Portsmouth, N.H., Naval Yard to the elimination of 35 military and 15 civilian positions at Craig Air Force Base in Selma, Ala.

Even though the cutbacks resulted from congressionally-mandated economy drives, one congressman already has called the moves another example of poor Pentagon planning.

Rep. Clarence Long, D-Md., said the Pentagon last year asked to renovate the Army Intelligence School in Maryland. He added the request was granted.

The White House said President Nixon would name a 10-member "economic adjustment committee" to deal with the impact of the base closings.

Daniel A. Henkin, the Pentagon's chief spokesman, said most base closings or manpower cutbacks would be completed within the year.

The latest announcement brings the amount of savings the Pentagon is supposed to make as a result of military cutbacks to \$1.523 billion.

# Nationwide Railroad Strike Off; Lawmakers Relieved

## Union Leaders Not Happy With Delay

WASHINGTON (AP) — Grumbling union leaders postponed a nationwide rail strike today under a 37-day delay ordered by Congress that got the lawmakers out of a politically tough spot but satisfied no one else, including President Nixon.

"Ridiculous," said Sheet Metal Workers President Edward F. Carrough, whose union has blocked voluntary settlement of the dispute over wages and job jurisdiction.

"A catastrophe," said William W. Winpisinger, chief negotiator for four AFL-CIO unions whose 45,000 maintenance and repair workers have already waited 15 months for a pay increase.

The union leaders said they would order the workers to obey the law but feared wildcat walkouts.

"The bill preserves the status quo for 37 days but does not resolve the underlying dispute," said White House press secretary Ronald L. Ziegler in behalf of President Nixon, who had wanted Congress to order a settlement now.

Members of Congress, many of them dependent on labor support, refused to act that quickly on Nixon's politically touchy proposal to dictate a labor settlement for only the second time in U.S. peacetime history.

**Nixon Signs Bill**  
But Ziegler said Nixon signed the delaying bill to protect the public from a crippling nationwide rail shutdown, at least for now, while further efforts are made to reach a voluntary settlement.

"We are going to make every effort to do just that," said Assistant Secretary of Labor W. J. Usery, Nixon's chief troubleshooter in trying to resolve the long dispute.

**New Bargaining Seen**  
Usery said he would start immediately trying to arrange new bargaining between the union leaders and chief rail industry negotiator John P. Hiltz, who also had strongly opposed the 37-day delay.

The delaying bill was rushed through Congress in less than 10 hours Wednesday and signed by Nixon just three hours before the 12:01 a.m. EST strike deadline. The Senate vote was 83 to 0 and the House vote 343 to 15.

"By contrast, the legislation sent to the Congress by the President Tuesday afternoon would have settled the matter in accordance with the desires of the majority of the workers involved as well as the carriers," Ziegler said.

## Settlement Possible

Nixon's bill would have imposed as final a tentative agreement accepted earlier by machinists, electricians and boiler-makers unions but rejected by the sheet metal workers out of fear they would lose jobs to the larger unions.

The settlement would include a 68-cent boost in current \$3.60 hourly wages, including several hundred dollars per man in back pay for 1969, and the controversial proposal permitting members of all four unions to cross each others' job jurisdiction lines to do limited amounts of work.

The unions traditionally have jealously guarded their job jurisdictions, but only the sheet metal workers feared the proposal would hurt them. The differing positions have severely strained relations among the unions.

The mandatory settlement proposed by Nixon would last only through this year.

A wildcat strike in Cleveland ended late Wednesday when picket lines were pulled down.

After the midnight deadline, scattered pickets had been reported at several installations around the country.

There were small numbers of pickets reported at Huntington, W.Va., Louisville, Ky., and Dallas, Tex., among other cities.

## Welfare Reform Bill OK Eyed

WASHINGTON (AP) — Rep. Wilbur D. Mills, powerful chairman of the House Ways and Means Committee, is expected to sponsor the sweeping welfare reform bill, giving the measure a boost toward easy passage, it has been learned.

The bill, which closely follows President Nixon's recommendations, is now being worked into final shape in the committee.

Previously the Arkansas Democrat had declined to support the measure publicly, although he said he would not block its way to a House vote. Now, in addition to sponsoring the bill, it is understood Mills also will handle it on the floor.

Two principal considerations influenced Mills' decision.

—He is satisfied the welfare broadening can be financed within the administration's \$4.4 billion budget figure. Some estimates received earlier by the committee put the cost more than \$1 billion higher.

—The committee tightened the requirements that able-bodied adults in recipient families make themselves available for work and training.

The principal change in work requirements affects the working poor—families with a breadwinner who, however, does not earn enough for family support.

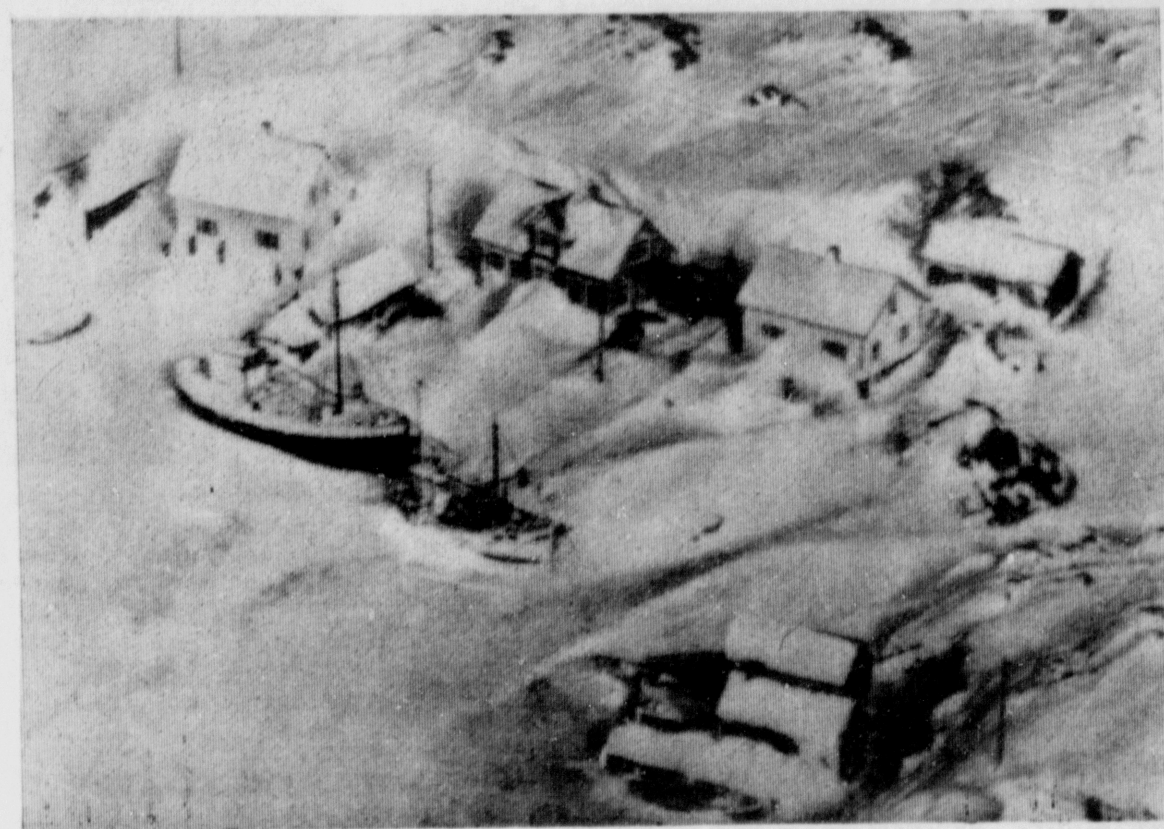

The original administration bill would not have required such persons to register with state employment agencies for referral to better available jobs or to work training.

## Bank Of England Reducing Rates

LONDON (AP) — The Bank of England cut the British bank rate to 7½ per cent today, a drop of half a per cent.

The reduction was the first in just over a year. The rate had been 8 per cent since Feb. 27, 1969.

The rate determines the cost of borrowing money in Britain. The reduction was another sign of the continuing improvement in the British economy.

IT'S HARD TO TELL where the land ends and the sea begins in the harbor town of Saelør in extreme southern Norway. Recent heavy snow drifted out over the frozen harbor to create the effect. The unexpected late season storm caused a run on snowshoes and shovels in the local stores. Some rural families were isolated on their farms. (AP Wirephoto)

## Behind - The - Scenes Action

## Lawmakers Pressured To Defeat School Bill

LANSING (AP) — Majority Democrats sought to push a reluctant House to a final vote today on a \$1.2-billion school aid bill that would be the largest in the state's history.

The huge spending bill, which Gov. William G. Milliken recently called "unthinkable" because it exceeds his own proposals by some \$352 million, would commit the House later to adopting radical changes in assessing and taxing property as well as substantial increases in the state income tax.

**Final Vote Nears**  
But as the chamber moved toward its final vote, the election

year consequences of those decisions gave way to the re-emerging pressure of parochial school aid.

Opponents Wednesday postponed their last-ditch attempt to defeat a \$22-million section in the bill that would commit the Legislature to voting state tax funds for sectarian schools.

Behind-the-scenes maneuvering continues, however, as lobbyists for local public school districts were reported urging legislators to vote against the bill despite its overall increases in public school aid.

**Ryan Confident**  
House Speaker William A. Ryan, D-Detroit, chief parochi-

aid defender, predicted it would survive the latest attempted purge, but said the entire measure might "succeed or fail by no more than two votes."

Ryan maintained lobbyists for school districts and teacher unions would fail to kill the bill, but admitted that "legislators are coming to me and saying they want to get out from under it." He also admitted there had been several last minute defectors.

**Called Good Bill**  
"But I say the devil with it, since we've worked this long on it," Ryan said. "This is a fantastically good bill from the standpoint of education reform, fiscal reform and the level of state support," he said.

Parochialism was defeated by a 58-50 margin in the House last May, when Ryan sought to add it to the 1969-70 school aid bill.

He started from a position of renewed strength, however, when Milliken endorsed parochial aid in his education reform message this fall and included it in this year's school aid bill. Opponents, trying to strip it from the bill on a test vote in late January, fell two votes short of the required 56-vote majority.

**Tax Levies Cited**  
In action on the bill late Wednesday, the House did vote, against Ryan's lead, to bar aid to any private school in a district which levies less than a 12-mill tax for its public schools.

Earlier, however, the chamber voted down an amendment to bar allocation of private-school aid in the event opponents successfully submit the issue to a constitutional amendment test at this November's general election.

## 5 Persons Die In Downstate Road Accident

HOUGHTON LAKE (AP)—Five persons, including a schoolteacher and three of his sons, were killed in a two-car crash on M 18 near Houghton Lake Wednesday.

The victims were identified as William Myhera, 33, of Houghton Lake, and his sons, Robert, 10; Ronald, 8, and Timothy, 2, and Jack Lewis, 20, of Lake City.

Four other persons were injured, including Myhera's other son, Michael, 12, who was reported in critical condition in a hospital at Saginaw.

Myhera was a teacher at Houghton Lake, a community in northern Lower Michigan.

Lewis' 17-year-old brother, perceived as overly reluctant to call in law enforcement agencies even when the situation appeared to be getting out of hand.

## Weather

ESCANABA AND VICINITY—Mostly sunny and cool today with a high near 33. Fair and colder tonight with a low of 12 above. Friday's outlook: increasing cloudiness and not much change in temperatures, high around 34. Escanaba's low Wednesday was 17 above with a high of 40. Sun sets today at 6:40 p. m., and rises Friday at 7:19 a. m.

West and Central Upper Peninsula—Mostly sunny and cool with highs between 26 and 33. Fair and colder tonight with lows of 10 to 15 above. Increasing cloudiness Friday and not much change in temperature, highs will be between 27 and 34. Winds northwesterly 10 to 18 mph today and northwest to west tonight 8 to 12 mph. Probabilities of precipitation: 20% today, 10% tonight and 20% Friday.

## Hopes Wane For Missing French Sub

TOULON, France (AP) — Defense Ministry officials are trying to find out whether a French submarine apparently lost in the Mediterranean with 57 men aboard collided with a surface vessel before it vanished Wednesday.

Officials gave up hope for the 850-ton Eurydice after receiving reports of a violent explosion at sea and the sighting of floating debris including papers bearing the name "Eurydice."

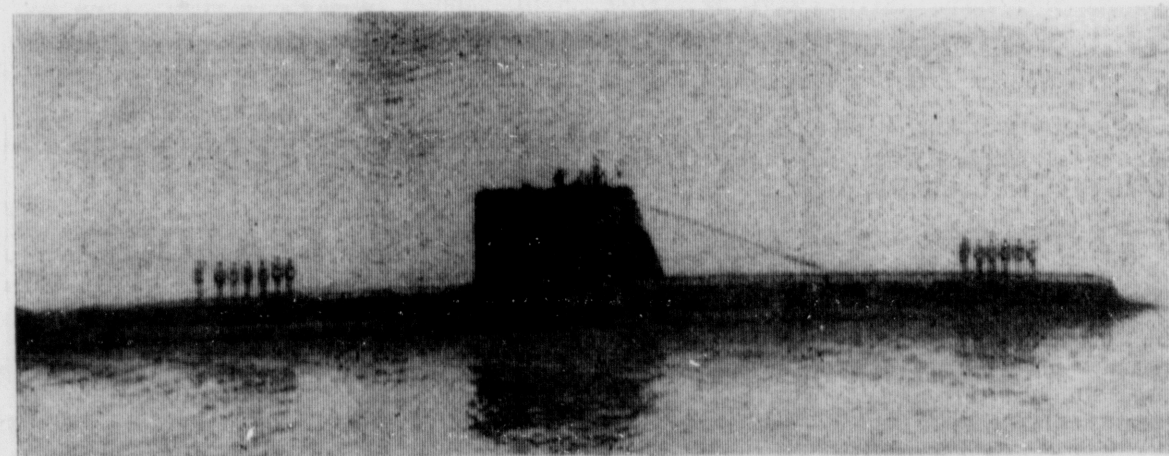

The sub disappeared during a practice dive in waters about 2,000 feet deep off Cape Camarat, 35 miles east of Toulon. It was the second vessel of the Daphne class to disappear on a practice dive in the Mediterranean in 26 months.

The Eurydice had radioed at 7 a.m. that she was diving in calm seas. Less than an hour later, a geophysical laboratory on the coast recorded a violent explosion.

The ministry said several cargo ships were reported in the area Wednesday morning. Efforts were being made to locate them and see if their hulls bore traces of a collision. The spokesman said a heavy ship scraping over a submerged submarine might not produce a jolt noticeable to the surface ship's crew.

Last month a large Soviet submarine left the Mediterranean with most of her bow gone, and the skipper of an Italian liner said his ship had hit something under water off the west coast of Italy and it might have been the Soviet sub.

A sister ship of the Eurydice, the Minerve, vanished mysteriously with 52 men aboard in the western Mediterranean on Jan. 27, 1968. Three days before, the Israeli submarine Dakar vanished at the other end of the Mediterranean, west of Cyprus. She carried a crew of 69.

THIS IS THE French submarine Eurydice which is reported missing in the Mediterranean about 65 miles east of Marseille. The vessel which carries a complement of 57 men, failed to respond to radio messages after a practice dive Wednesday. (AP Wirephoto)

## More Arrests Possible In Dixie School Hassle

LAMAR, S.C. (AP) — Law enforcement officers, in a night sweep across the tobacco-growing county of Darlington, have arrested 15 white men on charges arising from a violent school desegregation protest in which some Negro pupils were injured.

At least 15 more arrests were expected today.

Those picked up Wednesday night were charged with common law riot, a state charge, and jailed under bonds of \$5,000 each.

South Carolina and national leaders deplored the violence in which white parents attacked Negro youngsters trying to attend a newly integrated school.

In Washington, Vice President Spiro T. Agnew told a news conference Wednesday: "I want to make it clear that this administration does not condone and will not tolerate violence resulting from the lawful desegregation of schools anywhere."

Earlier, White House press secretary Ronald L. Ziegler, asked for President Nixon's

reaction to the Lamar disturbance, told newsmen:

"Any time a group of adults intimidates children to keep them from going to school any right thinking American would deplore and oppose that type of action."

The arrests came 24 hours after U.S. marshals had issued citations against seven white men accused of taking part in the clash.

It's difficult to convince the young that wisdom comes with age—and that many a true word is spoken through false teeth.

## Eugene Slagstad Files For Seat On City Council

Eugene O. Slagstad, 35, of 224 N. 14th St., today filed as a candidate for the two-year unexpired term on the Escanaba City Council in the election to be held April 6.

His nominating petitions were filed at the office of City Clerk Don Guindon in the City Hall.

## Fire Destroys Nadeau Home

A Nadeau family was left homeless after fire destroyed their home, located about 2½ miles east of Bagley.

The home of Mr. and Mrs. Daniel Waldo burned to the ground Tuesday morning. The fire is believed to have started in the kitchen.

One person was alone in the home at the time. David Waldo, 18, who discovered the blaze, had to run a half-mile to a neighbor's home to call firemen because of dense smoke in the home.

Mr. and Mrs. Waldo and a daughter were away at the time, and the fire was out of control by the time firemen from the Nadeau Township department arrived.

The Menominee Chapter of the American Red Cross has issued a plea for clothing, household articles and furniture, including boys' pants size 30-32 and shirt size 15, girl's dress size seven petite, and shoe size six; woman's dress size 50-52 and 6½ shoe size; and man's size 38 pants, 16½ size shirt and shoe size 9½.

Articles may be brought to Johnnie's IGA store in Carney or contact the local Red Cross Chapter.

For Reservations Call State 6-4000

March 17 is the final date for filing petitions, Guindon noted.

Two other candidates, who announced previously, have filed. They are John W. Curran of 1420 S. 13th St. and Jon R. Taylor of 1639 S. 16th St., for a four-year term.

Councilmen whose terms expire this spring are Edward J. Cox, Richard Pryal and Miles Dupuis. None have announced their candidacy as yet. Hold-over members of the Council are Mayor Cecil B. Chase and Mayor Pro-tem Robert Bink.

Slagstad was born at Ensign in Delta County, is a graduate of Gladstone High School, attended Cloverland Commercial College in Escanaba in 1957-58 and Bay de Noc Community College 1964-65. He is presently vice president of the Bay de Noc Alumni Association.

He has been employed by Harnischfeger Corp. in Escanaba for 11 years and holds the position of shipping clerk. He is a member of Harnischfeger Local 632 UAW-CIO.

Slagstad was for four years in military duty with the U. S. Air Force (1952-56) and served in the U. S. Army Reserve from 1956 to 1959.

Married to the former Nancy Sinneuve of Kipling, the Slagstads have two children, Berla Rae 3 years old, and Eugene Jr., 2.

This is Slagstad's first effort to gain a place on the Escanaba Council. He was a candidate for Delta County treasurer in 1962 and 1964.

## North Central Notes February Traffic Gains

Gains in passenger traffic and in mail and freight handled in and out of Escanaba in February are reported by North Central Airlines.

Peter Zimmer, North Central manager at Escanaba, released figures showing that passenger totals were 1,857 for February this year, compared to 1,844 for the same month a year ago.

Air mail declined slightly from 3,867 to 3,863 pounds, surface mail was up from 4,222 to 5,013 pounds, express increased from 3,585 to 3,964 pounds and freight from 12,123 to 14,110 pounds.

## Briefly Told

Leonard E. Mackie, 214 3rd Ave. N., Wells, was ticketed by Gladstone police for speeding.

The theft of an automobile from Mrs. Francis DeGrand of Old State Road on Wednesday morning is being investigated by city police. The vehicle was found abandoned in the parking lot at the Chicago & North Western station.

Marriage license applications have been made at the County Clerk's office by Gerald Lee Jyrkila, 417 1st Ave. S., and Janice Marie Buckland, 1230 N. Lincoln Rd.; Reynold George Vanlerbergh, 402 S. 15th St., and Mary Sue Fish, 322 N. 16th St.

Webster PTA will meet Monday at 7:30 p.m. in the school gym. Gary LaPlant of the Escanaba Police Department will speak on the bicycle safety program.

## Lenore Plans Vietnam Jaunt

FLINT (AP) — Mrs. Lenore Romney—recently announced candidate for the Republican nomination for a Michigan seat in the U.S. Senate—said Wednesday she plans a trip to Vietnam in June to "re-assess the situation."

Mrs. Romney, wife of Housing and Urban Development Secretary George Romney, said she feels her qualifications on foreign policy are "considerable."

She said she had a long friendship with Henry Kissinger, President's Nixon advisor on foreign affairs and "I know the Vietnam situation in a way that few do."

Mrs. Romney also denied some reports that her husband had put pressure on Gov. William Milliken to endorse her candidacy. "George was the last one to come aboard," she said.

Mrs. Romney spoke at a press conference before addressing the tenth annual National Community Education Clinic in Flint.

She said she expects to get from 65 to 70 per cent of party leaders' votes at a meeting to be held Saturday on whether GOP leaders want to give her the designation as the preferred candidate in the August primary.

Mrs. Romney failed to win enough support for consensus designation in a similar meeting February.

She said the 65 to 70 per cent support she expects should be good enough for a "consensus" designation. At the February meeting, a vote of 75 per cent of the GOP leaders was set for "consensus" designation.

The only other announced candidate for the GOP nomination is State Sen. Robert Huber, R-Troy, who said he did not want "consensus" designation. He said he would run despite what action the GOP leadership takes.

"It's an example of enough people believing in a concept to make it come true," she said.

The community education program in Flint provides both education for children and adults. Ed Novak, a member of the state board of education, said one measure of success is that "more adults are enrolled in night programs than kids in the daytime."

Mrs. Romney said the program "lets human beings know someone cares."

## Anderson Ends Lengthy Career At Michigan Bell

After more than 40 years of employment with Michigan Bell Telephone Co., Ralph L. Anderson of Escanaba is retiring as plant chief at Escanaba.

Anderson, who was 65 years old on Feb. 9, officially retired March 1. He was honored by about 80 company employees and their wives last Saturday at a retirement party at the Dells.

Anderson's successor as plant chief is A. L. (Tony) Marta, 2113 23rd Ave. S., who assumed the responsibilities of plant chief in 1968 when Anderson was given a special assignment by the company.

A native of Escanaba and a 1923 graduate of Escanaba High School, Anderson joined Michigan Bell in 1923 as a station installer in Detroit. He returned to Escanaba in 1926 as an exchange repairman and earned advancements to local testman and toll testman before being promoted and transferred to Menominee in 1939 as a member of the Division Staff.

He remained in that position until 1942, when he entered military service.

After discharge from the service in 1945, Anderson returned to Menominee as a central office inspector and plant instructor. In 1948 he was transferred to Ishpeming as exchange repair foreman and in 1949 was transferred to Marquette in the same position.

Anderson was promoted to plant chief at Marquette in 1953, where he remained until 1962 when he returned to Escanaba in the same capacity.

Since that time, in addition to his responsibilities as plant chief here, he has served on special assignments throughout the Upper Peninsula, particularly on cutovers from exchange to dial equipment.

Anderson, who is currently District 10 Governor (Upper Peninsula) for Lions International, said he plans to devote the next four or five months to that position and after that "plans are indefinite."

He and his wife, Betty, reside at 528 S. 9th St. They have four children.

## Bridge Traffic Gains Continue

ST. IGNACE — Mackinac Bridge traffic and revenues scored impressive gains in February as new records were established for the shortest month of the year.

Prentiss M. Brown, chairman of the Mackinac Bridge Authority, said February revenue and traffic continued the record-breaking trend that began with the fare reduction in January of 1969. This year's 16.6 per cent increase comes on top of a 40 per cent gain last year, he said.

The 53,190 vehicles crossing the bridge in February were more than the May, 1957, Straits crossings, the last year of ferry operations, Brown noted.

Traffic was up from 45,607 to 53,190 crossings. Revenues, including February's percentage of the \$3.5 million Legislative appropriation, were up 11.3 per cent from \$173,687 to \$193,255. Truck traffic, mostly pickups, increased 20.7 per cent.

## American Death Toll Reaches 113 For Past Week

SAIGON (AP) — The U.S. Command announced today that 113 Americans were killed in battle in Vietnam last week. It was the highest American toll in three months and the first time this year the weekly total topped 100.

Enemy casualties dropped 20 per cent, the allied commands reported, from 2,500 dead in the week of Feb. 15-21 to 2,009 last week. It was the smallest number of North Vietnamese and Viet Cong dead claimed by the allied commands in six weeks.

## Invite Public To Meet Rep. Riegle

A "Meet Congressman Donald Riegle" cocktail hour has been planned for this Saturday evening, March 7, from 6 to 7 in the Marine Room of the House of Ludington. The cocktail hour is open to the public.

At the age of 32, Riegle has been named a possible candidate for the United States Senate in this year's election. He withdrew his name from the list of possible candidates on Feb. 21.

In 1967, the United States Jaycees named Riegle one of the Ten Outstanding Young Men of the Nation, and "The Nation" magazine selected him as one of two "best Congressmen for the year."

Riegle, youngest man ever appointed to the House Appropriations Committee will be available for informal discussion at the cocktail party. A \$1.50 cover charge per person will be made at the door.

Congressman Riegle

## Transplant Bill Pushed Through

LANSING, Mich. (AP) — An emergency measure to clear the way for a kidney transplant involving 16-year-old Saginaw Twins was rushed through the Michigan Senate Wednesday, passed unanimously and sent to the governor.

The bill, which passed the Senate 33-0 and won earlier House approval, is aimed at erasing legal doubts about doctors' authority to perform the operation on Sharon and Sheila Klein, at the University of Michigan Hospital in Ann Arbor.

Sharon is agreeable to donating one of her kidneys to her ailing sister. Their parents also approve, but doctors questioned their authority to act under current Michigan law.

In noting the legal question, hospital director Edward J. Connors had said:

"There can be a remote chance that when the minor kidney donor becomes 21, she would have the legal right to question the validity of parent's consent for this type of surgical procedure if it was not an immediate emergency to save a life and there was sufficient time prior to the procedure to take the added step for consent."

## Named Mayor

LUDINGTON (AP) — David Fisher, a postal clerk and former Ludington city commissioner, has been elected the city's mayor.

Fisher won election Monday in voting billed as a primary but achieved automatic election by compiling more than 50 per cent of the total votes cast in the city's last general election.

## Barrett To Talk To Welding Group

James C. Barrett, Lansing, will speak at the dinner meeting of the American Welding Society, Upper Peninsula Section, Tuesday at the Dells. He will discuss principles of industrial ventilation, pointed toward welding ventilation.

Barrett is employed by the Michigan Dept. of Public Health, Division of Occupational Health, Lansing, as a ventilation engineer.

The American Welding Society is an organization of engineers, superintendents, foremen, and all persons interested in the advancement of the welding industry.

Social hour is scheduled from 6 to 7 p. m. with dinner at 7. The technical session will follow. Members and guests are welcome even if unable to attend the dinner.

SPRING IS JUST AROUND THE CORNER and Escanaba city crews are busy opening storm drains to prevent intersections from flooding. At 3rd and Ludington Sts. on Wednesday (from left) John Seppanen operates the scraper, Grant Olson digs away to open the drain, observed by

Dewey Duncan, all of the public works department. Sunshine today continued the work of drying up the streets that became flooded with rains and thawing earlier in the week. (Daily Press Photo)

INTERSECTIONS WERE RIVERS of swirling water until ice-covered drains were opened, and here Ken Champeau of 203 N. 18th St., gives a hand with a shovel to speed drainage in front of his home. Warmer weather will keep the winter's near record snowfall on the run, although there is

still some 12 to 15 inches on the ground. Pedestrians in all areas of the city had to pick their way carefully around and through water-filled curbs on Tuesday and Wednesday. (Daily Press Photo)

### Isabella

Ed Olson is a patient at the Schoolcraft Memorial Hospital after suffering a slight heart attack. His son Marty is also a patient at the hospital.

Reuben Sundling has returned to his home in Chicago after visiting at the home of his son and daughter, Mr. and Mrs. Alden Sundling.

Kenneth Bertetto of Royal Oak visited over the weekend at the home of his sister, Mrs. Burton Peterson and family.

Mrs. Jake Landis, Jr. was hostess Wednesday to the Isabella Congregational Ladies Fellowship at her home.

## NMU Announces Honor Graduates, Fall Dean's List

MARQUETTE — Seventy members of the mid-year class at Northern Michigan University received degrees with recognition as having made the University's Honor List and another 786 undergraduate students at NMU earned Dean's List honors for the fall semester, the university announced today.

The Honor List is determined on the basis of seven semesters of study and students receiving the honor must have achieved at least a "B" average.

Graduates with high honor (grade point between 3.3 and 3.69) included Carol G. Youngs of Gladstone. Graduates making the Honor List included Harry E. Nelson, Cornell; Martha Ann Snyder Ambrosino, Escanaba; Peter V. Wolf, Rapid River, and Mary Margaret Kilb Michel, Schaffer.

Students earning Dean's List recognition included:

Bark River—Alice L. Gauthier, Rte. 2;  
Carney—Christine M. Folcik; Cornell—Candace A. Swatkins, Rte. 1;  
Curtis—Thomas M. Kaiser, Box 183; Shelley K. Sherman; Engadine—Rebecca A. Leveille, 1032 Pleasant Ave.; Escanaba—Thomas R. Anderson, 916 Sheridan Rd.; Betsey J. Baltic, 1804 8th Ave. S.; Charon A. Bean, 2100 7th Ave. S.; Lynn A. Boucher, 1416 Stephenson; Mary L. Bourke, 714 Bay St.; Barbara J. Frasher, 1500 Washington; Richard W. Freeman, Rte. 1; Maureen A. Kell, 327 North 14th St.; Mary Anne LaCasse, 811 N. 19th St.; Patsy L. Ness, 1807 16th Ave. S.; Ray L. Payment, Rte. 1; James L. Peltier, 2201 8th Ave. S.; Catherine Prinsiki, Rte. 2 Box 210; Maureen K. Richards, 206 North 18th St.;

### IRS Says Funds Make No Cents, Demands Bills

ROYAL OAK, Mich. (AP) — An irate taxpayer's service station was closed briefly Wednesday morning as he showed up at the Internal Revenue Office with \$734.89 in pennies.

Tax collectors closed the station for about 20 minutes until Harold Ballew, 23, produced the money in cash—ones, fives, 10s and 20s.

Ballew came to the IRS office with a trash can full of pennies, about 600 pounds worth, but after a tax official repeated that they wouldn't be accepted he pulled out the bills.

Ballew, a college student, married and the father of four, got three of his employees to help him collect the pennies from local banks and fill the red, white and blue trash can after he said he was treated "with contempt" by a tax collector. Ballew said the agent figured he was "just a little guy. They wouldn't treat me this way if I was GM."

He says he always paid his taxes until last November when he couldn't make the \$1,398 quarterly bill. He said he paid \$398 immediately and \$500 in February.

### NMU Student Case Delayed

MARQUETTE — Arraignment of six Northern Michigan University black students charged with creating a disturbance has been postponed until April 6 as the result of a new complaint and warrant presented in District Court.

The new court action followed objections by J. Kent Bourland, attorney for the six, who are charged in connection with a December sit-in in the office of the NMU dean of students. He said the original warrant was "questionably defective."

The new warrant was issued by Marquette County Prosecutor Edward A. Quinnell with a rewording of the information, but the charge, creating a disturbance is the same. Charges on the old warrant were dismissed and the new warrant issued.

Bourland asked for a bill of particulars from the prosecuting attorney by March 9. The request was granted by Judge George E. Hill who set March 18 as the deadline for filing pre-arraignment motions. Judge Hill also set March 23 for the hearing the arguments of the motions.

The six charged with creating a disturbance are Vernon Smalls, Marquette; David Williams, Detroit; Patrick Williams, Saginaw; Christopher Poole, Clarkston; Phillip Harper, Inkster, and Loren Lobban, New Rochelle, N. Y. All are free on \$100 personal recognizance bonds.

### Hart Proposes Probe Of Atomic Power Program

WASHINGTON (AP) — Sen. Philip A. Hart, D-Mich., told there is a "nuclear gold rush" under way among some big corporate utilities trying to monopolize atomic power, announced plans Wednesday to investigate the electric generating industry.

Sen. George D. Aiken, R-Vt., called for an investigation which he said "might well save the utilities from themselves and ultimate public ownership of all electric generating facilities."

Hart, chairman of the Senate antitrust and monopoly subcommittee, said most of the top 20 oil firms have the ability to produce natural gas, oil shale and uranium as well as oil, and several have coal-producing lands. "With the interchangeability of fuels," Hart said, "we must now think in terms of total energy sources and requirements and not of the more narrow products lines. And we must be concerned if energy sources are being concentrated in the hands of a few."

Hart said subcommittee investigators would look at recent refusals by large industry-owned utilities to sell electricity from their nuclear plants to municipal utilities.

Few full-size totems are carved anywhere, including the rugged Northwest country of British Columbia and Alaska, the traditional "totempolar region." The Alaska State Council of the Arts, which tries to preserve examples of the art form, has counted fewer than 50 genuine totem poles in that state.

## Sleet Leaves Soo Without Power

SAULT STE. MARIE, Mich. (AP) — Schools, closed, planes were grounded and Sault Ste. Marie went accident free during a power failure Wednesday that left more than 50,000 persons in the eastern third of the Upper Peninsula without electricity.

Failure was caused by ice freezing on power lines during a sleet storm Wednesday.

The Edison Soo Company, which services about 45,000 people in the more populous areas in the eastern U.P., reported it had restored service by 9:30 p.m. Wednesday night. But Cloverland Electric, serving 8,000 customers in rural areas, worked today to free power lines of ice and trees.

The power failure followed a sleet storm Tuesday night,

which left trees and power lines sealed in ice. The weight of the ice caused pines and birch trees to fall on the already burdened lines, resulting in broken lines and power failure.

Mackinac Island, untouched by the twentieth century automobile, receded even further

into history as it too went without electricity.

Trout Lake, DeTour, Rudyard and other towns with romantic names reported they were affected by the failure.

By inverse reasoning, one could speculate that electricity is responsible for many of our highway accidents, since both St. Ignace and Sault Ste. Marie police reported a day without accidents.

Hospitals, with little emergency work to do, could seemingly afford the respite offered by the electrical failure. But with emergency electrical systems ready to fill the gap, hospitals in the area reported their lights blinked only momentarily when their main source of power failed.

Asked whether an unusually

high number of babies could be expected nine months from now — one of the results of New York's massive power failure several years ago — one savvy Upper Peninsula resident said, "I doubt it, it's been pretty chilly up here lately."

### Briefly Told

Selection of Nevin Reynolds and Harold Cloutier of Escanaba as merit award winners has been announced by the board of Time Insurance Co., a Milwaukee, Wis., life and health firm. Basis for selection included service to clients, product knowledge and 1969 sales activity. This was the third year that Reynolds earned the award and second year for Cloutier.

### BEHIND the COUNTER with

### Bob Krohmer

Many people still believe that if you block the visible rays of the sun while watching an eclipse, there is no danger. They don't realize there is still danger from the invisible infra-red rays, which can burn the eye's retina in about the same way a magnifying glass will focus the sun on paper and burn a hole.

Filters, smoked or stained glasses or old negatives may even make the damage worse, by prolonging the time of exposure. They certainly offer no protection.

A total eclipse of the sun is due in the eastern U. S. on March 7. The path will sweep from the Gulf of Mexico to Cape Cod, lasting from three to seven minutes. Except for Alaskans, all Americans will be able to see at least a partial eclipse, with the degree depending on their distance from the "total" path.

The only recommended way to view an eclipse is indirectly. Take two pieces of white cardboard, and make a pinhole in one. With the sun at your back, focus the eclipse image through the pinhole board on to the second cardboard.

The retina (the layer of cells at the rear of the eye) is not sensitive to pain, so it can be burned without it being felt. However, such burns are incurable, and produce a blank spot in the victim's field of vision that can interfere with reading and all "fine" seeing.

Late complications of solar damage may include a blocking of the eye's blood vessels, internal bleeding, retinal detachment and other serious damage, which may not show up for years.

Not only should you take sensible precautions in viewing this rare event, but insist on your family following the same advice. During the last solar eclipse in the U. S., in 1963, hundreds of people suffered vision damage — avoid their mistake.

Hartley® Brandy is American brandy. And we're proud of it.

Hartley Brandy is a little lighter. And a little drier. Not because we couldn't make it like the French but because we're making a brandy for Americans out of American grapes.

And it comes out tasting the way Americans expect brandy to taste. Whether you wind up preferring Hartley Brandy is your own business. But we hope you may consider it your duty to give it a try.

**HARTLEY**

## State Supreme Court On Move

LANSING (AP) — The Michigan Supreme Court left only "a few pieces of furniture and a bit of dust" when it ended its 91 years in the State Capitol chambers this week.

Sen. Alvin DeGrow, R-Pigeon, thinks at least the furniture should stay.

DeGrow, newest of Michigan's 38 senators, told colleagues Wednesday that he would "hate to see the ornate architecture torn out" to make room for legislative quarters that will go into the old court space.

"I have been amazed at the remodeling that has been going on here," DeGrow said. "I guess it has been necessary in order to provide us the space. But I would hope that we preserve parts of the building in their original state."

The court officially moved out of its Capitol quarters Tuesday and into new quarters in a building in the Capitol complex.

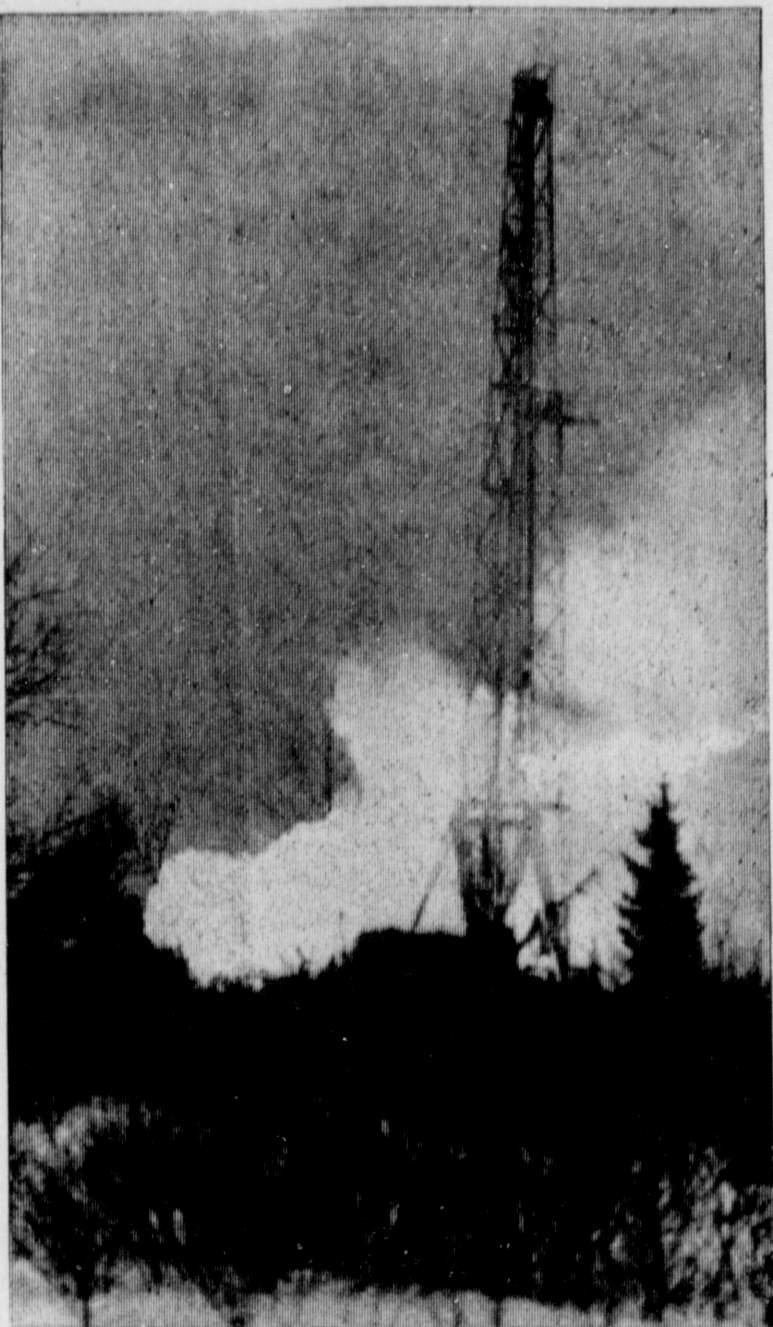

Justices chambers already have been turned into offices for lawmakers, and the courtroom is earmarked for use as a committee room.

Sen. Basil Brown, D-Highland Park, told DeGrow that "the bar will be preserved. The walls and ceiling will be untouched," he said. "The desks will be sent to the Michigan Historical Commission. The only change will be to replace the carpeting this summer."

One colleague, Sen. John McCauley, D-Wyandotte, objected, saying the state should "tear this monstrosity down."

McCauley pointed to the state's "tight money situation" and the fact that Michigan already owns the land on which the current Capitol is situated.

"Build a new Capitol on this spot," he urged. "If we insist on holding this building for some historical societies, it means more money to be spent on acquiring more land."

FLAMES SHOT INTO THE AIR from the natural gas well fire near Gaylord. Drillers have called in firefighting experts in an effort to extinguish the blaze which has been burning since Tuesday. (AP Wirephoto)

## Bill To Repeal Sex Education Law In Works

LANSING (AP)—Local school districts which set up sex education courses under a 1968 law could lose their authority to continue them if a new bill in the Michigan House becomes law.

Rep. Roy Smith, R-Ypsilanti, introduced a bill Wednesday that would repeal the 1968 amendment to the 1955 school code. The act allows a school district to hire sex education teachers and directs the State Education Department to maintain library materials on the subject and give advice on local programs.

Smith said he introduced the bill at the request of Washtenaw County constituents who presented him with petitions signed by several thousand Ypsilanti-area residents.

Smith said he personally believes both the law and state guidelines on the subject are hopelessly confused but has no strong feelings about the bill. "We should at least start over more sensibly," he said.

The issue periodically has been the center of controversies in the Legislature as well as the State Education Board.

Under the present act, parents who object to sex education may keep their children out of such classes.

Newspaper Want Ads are a big sell! One billion, twenty one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

## Gas Fire Still Out Of Control

GAYLORD (AP) — The gas well fire that began Tuesday morning near Gaylord continued to rage today as fire fighters prepared the area for a major effort to extinguish the blaze.

A team of fire fighters planned to cool the area with water piped from the Au Sable River. Once trees and brush had been cleared away, mud was to be pumped into the casing from which the gas has been escaping to snuff out the fire.

Gaylord Fire Chief Ted Drefts said the derrick was pulled down Wednesday and the platform would be tumbled today. He said all the preparation was necessary because of the intense heat generated by the fire.

Drefts said the fire has not endangered the town of Gaylord and there was plenty of snow around to keep the fire from spreading.

Red Adair, one of the famed fire fighting team dealing exclusively with oil well fires, left Wednesday for an Oklahoma fire, but other members of the team remained in Gaylord.

Coots Mathews, who is heading the team, said the two options to closing of the fire would be to tie off the pipe and pump in gas and mud or remove the well head and extinguish the fire with an explosion.

## Ford, Chevrolet Laying Claim To Sales Race Lead

DETROIT (AP) — Ford Division of Ford Motor Co. and Chevrolet Division of General Motors are both claiming to be leading the U.S. auto sales race.

Chevrolet announced Wednesday that it had retaken the lead which Ford captured at the end of January. But a spokesman for Ford said GM's figures do not include the Cortina, made by Ford of England but sold in the United States by Ford Division dealers.

Chevrolet Division has sold 780,161 cars since the 1970 model year began Oct. 1, 1969. That's 3,169 more than Ford sold if Cortinas are included.

For 1970 to date, Chevy has sold 277,951 cars, 1,005 more than Ford if Cortina sales are excluded and 1,935 less if Cortinas are included.

Chevrolet does not market a car comparable to the Cortina. GM's Opel, which competes directly with Cortina, is sold by Buick Division dealers in the United States.

Classified Ads Cost Little, But Do A Big Job!

## Highway Weight Restrictions On

LANSING (AP) — The State Highway Department has announced spring weight restrictions will go into effect today on some 250 miles of state highways in southern Michigan. The truck weight limits will be imposed on seasonal state highways from the southern border north to and including M 46 between Muskegon and Port Sanilac.

### INDIAN DISASTER

NEW DELHI (AP)—Some 1,287 persons lost their lives in floods and tornadoes in India during 1969, the government announced.

## U.P. Legislative Council Formed

LANSING (AP)—A bipartisan group of legislators will meet periodically with Gov. William Milliken to deal with problems of the Upper Peninsula, the governor's office announced Wednesday.

Seven legislators from the area agreed to establish the Upper Peninsula Legislative Council after Milliken told them he has decided not to name a special assistant for Upper Peninsula affairs.

Milliken said he feels more can be accomplished for the area if he works with the legislators rather than a personal representative.

State Commerce Director Richard Whitmer will serve as secretary of the council, Milliken said. The next meeting will be held in the Upper Peninsula this spring.

Attending the meeting Wednesday were Sens. Thomas Schweigert, R-Petoskey and Joseph Mack, D-Ironwood; and Reps. Robert Davis, R-St. Ignace, Russell Hellman, D-Dollar Bay, Dominic Jacobetti, D-Negaunee,

## Economic Grant

LANSING (AP)—Gov. William Milliken has announced the award of a federal economic opportunity grant of \$30,976 to the Wayne County Economic Committee for two head start programs for disadvantaged children.

A part time program to continue for a full year will serve some 205 children at centers in Inkster, Romulus, Sumpter, Westwood and Wyandotte at a cost of \$271,542. A full day program to continue for one year will serve 30 children at the Ecorse Day Care Center at a cost of \$59,434.

John Payant, R-Iron Mountain, and Charles Varnum, R-Manistique.

## FAIRBANKS TOWNSHIP BOARD OF REVIEW

will meet on March 9th and 10th at 9 o'clock to 4 o'clock at the Township Hall.

# Women's Activities

MRS. ESTHER JOHNSON, 1891 16th Ave. N., announces the engagement and approaching marriage of her daughter, Esther Jean, to Ted E. Dellinger, son of Mr. and Mrs. Lawrence Dellinger of Dayton, Mich. Both young people are graduates of Northern Michigan University and the bride-elect is presently teaching in Menominee. Her fiancé is teaching in Algonac, Mich. The wedding will take place June 20 at the Central United Methodist Church in Escanaba.

THE MOTHER OF new-born quintuplets, Mrs. Margaret Kienast enjoys reunion Tuesday with another member of her brood, son, John, 19 months, at her home in Far Hills, N. J. The quintuplets will remain a while longer in Columbia Presbyterian Medical Center, where they were born last week. (AP Wirephoto)

## Mark 'World Day Of Prayer' Here On Friday

Church Women United will hold, 'World Day of Prayer,' at 2 p. m. Friday, March 6 at the Immanuel Lutheran Church, 5th Ave. and S. 23rd St.

Sandy Dahlquist will be the soloist accompanied by Mrs. Marion Colvin and the Bethany Orchestra will play a special Easter song. Pastor Roger Patrow will give the message after which the names of the 'Women of Courage,' will be read and acknowledged.

Alma Gasman will be the 'leader,' of the readings and the readers will be Mrs. Gladys Birkenmeier, Mrs. Nona La-Crosse, Mrs. Elsie Anderson, Mrs. Gertrude Hendrickson, Mrs. Eunice Pohl, Mrs. Lois Nelson and Mrs. Alma Clayton.

## Girl Scout Cookie Sale Starts Saturday

Saturday, March 7, will be the opening of Girl Scout Week. It will begin with a cookie sale and girls will be going from house to house taking orders. Proceeds of the sale will be used for camping equipment for all the local troops.

Mrs. Ted Goetz is troop organizer for Gladstone and she has started junior Girl Scout troops at All Saint's School and the James T. Jones School.

Scout leader for the All Saints School is Mrs. Jim Goetz and her assistant is Mrs. Bill Cassidy. Mrs. Charles Camps is the Girl Scout leader for the James T. Jones School and her assistant is Mrs. Jean Stewart.

## Paul Gauthiers Observe Their 51st Anniversary

SCHAFFER—Mr. and Mrs. Paul Gauthier of Schaffer celebrated their 51st wedding anniversary Sunday, March 1, beginning with a Mass of Thanksgiving at Sacred Heart Church with the Rev. Vincent Ouellette officiating.

Later in the day, family members and friends gathered at the Gauthier home for a celebration.

Members of the family attending were: Mr. and Mrs. Raymond LaFave and children of Stambaugh, Mr. and Mrs. James Whitens and children of Hermansville, Mr. and Mrs. James LeGault and children of Escanaba, Mr. and Mrs. James Cousineau and children of Hardwood and Mr. and Mrs. Maurice Gauthier and family of Schaffer.

Unable to attend were Mr. and Mrs. Charles Bush of Cherryhill, N. J. and Mr. and Mrs. Raymond Gauthier of Isabella.

## Rev. Ouellette Honored At Farewell Party

SCHAFFER—A large group of parishioners met at the Sacred Heart Parish Hall in Schaffer Sunday evening for a farewell party held in honor of the Rev. Vincent Ouellette.

Games were played followed by serving of refreshments and lunch. The Rev. Ouellette was presented a gift of money.

The Rev. Ouellette has served as temporary pastor at Sacred Heart for the past seven months and replaced the late Rev. C. J. Mark. He has now been assigned superintendent of Catholic Schools in the Escanaba area and will reside at St. Anne's Rectory in Escanaba.

The Rev. Clifford Nadeau of St. Joseph's Church, Lake Linden will serve as pastor at Sacred Heart Church.

## Silhouettes Elect Officers

Silhouettes TOPS Club elected new officers at their regular meeting Monday in room 151 of the Junior High School. New officers are: Sandra Flinn, president; Diana Berrigan, vice-president; Gay Mills, treasurer; Sylvia Johnson, assistant treasurer; Marie Allen, secretary; Margaret Broman, weight recorder. The new officers will begin their duties April 1.

It was announced that losers of the contest ending on Monday night will treat the group to a sleigh-ride on March 16. Details will be discussed at the next meeting. New members are welcome.

California's sunny Nappa valley produces 7 million gallons of wine a year.

Mrs. Paul D. Paulson (Lee's Studio)

## Jeananne LaPorte And Paul D. Paulson Wed

St. Anne's Church in Escanaba was the setting Saturday, Feb. 7 for the wedding of Jeananne LaPorte and Paul D. Paulson, Jr., both of Escanaba.

The Rev. Ted Broeder officiated at the nuptials at 2 p. m. and during the service the bride placed a bouquet of roses at the altar of the Blessed Virgin. Soloist for the service was Carol Paulson.

The bride is the daughter of Mrs. Floyd K. Burnell, 201 N. 16th St. and Robert V. LaPorte and parents of the bridegroom are Mr. and Mrs. Paul Paulson, 410 S. 17th St.

### Bridal Aides

Maid of honor for the bride was June LaFleur of Escanaba and bridesmaids were Patricia LaPorte of Escanaba and Michele LaPorte of Lansing, sisters of the bride and Sally Moran of Escanaba. Flower girl was Sherry Jensen of Escanaba, the bride's niece and carrying the rings were Paul Smale of Escanaba, nephew of the bridegroom.

Serving as best man was Marc Taylor of Escanaba and groomsmen were Rick Anderson and Steve Paulson of Escanaba and Jim O'Donnell of LaGrange, Ill. Seating the guests were David Kaziateck and Mike Frasher of Escanaba.

### Peau de Soie

The bride, given in marriage by her father, wore a floor length A-line gown of peau de soie with Venise lace trim at the neckline, bodice and hem and styled with full Juliet sleeves and a detachable chapel length train.

A double bow of Venise lace and peau de soie secured her triple tiered elbow length veil of imported silk illusion and she carried a bouquet of white carnations and pink roses.

### Lace Trim

The bridal aides were attired in floor length willow Karati gowns with Venise lace trim fashioned with high necklines and full Juliet sleeves. Matching fabric bows with maline veiling completed their attire and they carried bouquets of yellow carnations and daisies.

### Mothers' Attire

Mrs. Burnell wore for her daughter's wedding a pink wool knit dress with matching jacket and brown accessories. She was presented a corsage of pink tea roses.

The bridegroom's mother selected a coral colored ensemble with grey accessories and she pinned a white carnation corsage.

### The Reception

The reception was held at the Elks Club and assisting with duties were Pat Knoll, Chris Meyer and Danelle Wellman. After a wedding trip to Chicago, the newlyweds are now at home at 632 N. 19th St. The bride attended Escanaba Area High School and Mr. Paulson is presently attending Bay de Noc Community College.

YOUNG—T. Sgt. and Mrs. Richard Young of Arnold, Mich. are the parents of a son, Cory David, born at 9:45 p. m. on Monday, March 2 at the K. I. Sawyer AFB Hospital. The infant weighed 7 pounds at birth. The mother is the former Judy DeShambo and grandparents are Mr. and Mrs. Richard DeShambo of Rte. 1 Gladstone. T. Sgt. Young is presently serving in Vietnam.

## Allen, Feathers Nuptials Told

Mr. and Mrs. Ray Allen of Fairport announce the marriage of their daughter, Wendy Maria, to David Feathers, son of Mrs. Clabots of Nahma. The wedding took place Saturday, Feb. 28 in Green Bay. The couple will make their home in Green Bay.

## Leaflets To Be Dispensed With 'The Pill'

WASHINGTON (AP) — The Food and Drug Administration reported it will move to require that drug makers include in all packages of birth control pills a leaflet telling of known and suspected hazards and side effects.

The drug makers at present are required to supply such information only to pharmacists.

FDA Commissioner Charles C. Edwards announced the FDA's plans and released a copy of the proposed four-page leaflet at a final hearing of a Senate monopoly subcommittee which has been looking into the safety of oral contraceptives.

"I have come to the conclusion that the information being supplied to the patient in the case of the oral contraceptive is insufficient and that re-evaluation of our present policies is in order," Edwards said.

He called the leaflet a reminder to patients of discussions each presumably already has had with her doctor about potential complications.

## Rock

Film Showing  
"Ezekiel," a film on missionary work in the Congo, will be shown for the public at the Rock Bible Chapel Sunday, March 8 at 7:30 p.m. Refreshments will be served after the showing.

## 'Girl Friday' Named To Orchestra Post

NEW YORK (AP) — No one can accuse the American Symphony Orchestra of discriminating against either women or young people. The group has just named Cathy French, 23, to the newly created post of executive director.

The appointment was announced Wednesday by Samuel Rubin, president of the orchestra that was founded by Leopold Stokowski, still its music director.

"Talent is the governing factor," he said. "We are fortunate to have found in Miss French a person with all the qualifications her post demands."

Stokowski 82, said, "I am always in favor of giving opportunity to youth so that they develop responsibility and more understanding about life today."

Miss French joined the New York-based orchestra 1 1/2 years ago on graduation from Manhattanville College of the Sacred Heart. She began as a girl Friday and said she doesn't see her rise as particularly astonishing.

"Since I came here I've been involved at one time or another in all aspects of the work and having been business manager of my college glee club, which gave a concert every year in New York, I knew about renting a hall, pricing a house for ticket sales and that sort of thing before I arrived."

As executive director, Miss French, who lives with her parents in Bergenfield, N.J., will conduct orchestra business—including negotiation of contracts with soloists and guest conductors, office administration and fund raising.

### Church Events

St. Stephen's Episcopal  
Friday, March 6, 10:30 a.m. — Alcoholics Anonymous; 2 p.m. — United Church Women will meet at Immanuel.

Immanuel Lutheran  
Friday, March 6, 2 p.m. — World Day of Prayer service.

First Presbyterian  
Friday, March 6, 2 p.m. World Day of Prayer service at Immanuel. All women are invited to attend.

## Isabella Circle Meets Monday

Daughters of Isabella, Trinity Circle 362 will meet at 8 p.m. Monday at the Teamster's Hall for their regular business meeting.

Mrs. John Kintziger will be the chairman for the evening and she will be assisted by the Mesdames, Clinton Groos, Helmer Peterson, Joseph Fillion, Adolore Grenier, Arthur Bryson, Marie Picard, Mary Severson, Anna Taylor, Matilda Menard, Thomas Kristo and Matt Lewis.

## Mary A. Schmit Receives Cap

MILWAUKEE — Marquette University's sophomore nursing students received their nurses' caps in a traditional ceremony here recently.

A replica of the Florence Nightingale lamp was presented to each student by Sister M. Thomas, O.S.F., dean of the college of nursing.

Students receiving caps included: Mary Anne Schmit, 1618 18th Ave. S., Escanaba.

# Michigan Tech Means \$38 Million To Houghton

HOUGHTON — Michigan Tech generates some \$38 million locally in annual economic activity, according to a recent study of university operations.

The figure is based on Michigan Tech's expenditures for salaries and wages, local purchases, construction, and estimates of local spending by students and university visitors, explained Edward J. Koepel, MTU general manager of operations.

"Nearly 80 per cent of the university's general fund budget is for personnel salaries, wages and benefits," Koepel said. "For all funds, this figure in 1969-70 will be approximately \$11 million. But not all of this goes into the community because of

the deductions for state and federal taxes, retirement, social security and because of spend-by Tech's personnel outside of the immediate economic community.

## Local Purchases

"But conservatively estimating the net available to be spent in the local economic area as 56 per cent of the gross payroll and benefits produces a figure of \$6.2 million spent locally from MTU salaries and wages," Koepel stated.

In 1969 the university spent more than \$2 million locally on purchases of materials, services, supplies, food, equipment, fuel, water, and power. Another \$1.8 million was paid to local contractors. Michigan Tech's 4021 single students and 647 married students were estimated to have spent at least \$2.5 million locally last year. This does not include some \$3 million in rentals for room and board paid to the university.

## Visitors Spend

In addition, Koepel said, the university attracts several thousand visitors to campus each year for such activities as meetings, special conferences, summer institutes, student recruitment and research projects. "Their expenditures on food, lodging and other items can be estimated conservatively at \$100,000," Koepel said.

"An estimate of the local economic multiplier is three, which can be applied to the total Tech-related spending of approximately \$12.6 million,"

he continued. "This reflects the fact that as money comes into the economy it passes through the hands of several people and is re-spent, in effect, approximately three times. This results in a realistic estimate of \$38 million generated in the local economy by the university."

## Employs 57 Persons

Michigan Tech now employs 957 faculty and support staff and 689 students. Employees contributed more than \$15,000 last year to the Portage Lake United Fund, approximately 48 per cent of the total collected. All but a few MTU employees live within a 10-mile radius of the campus. Exceptions are L'Anse-a-Baraga residents, most of whom work at the Ford Forestry Center in Alberta, civil defense education personnel in the University's Lansing office, and two admissions officers in Lower Michigan.

Commenting on the rapid growth of Michigan Tech, Koepel pointed out that:

- The university's general fund operating budget took 79 years to reach the 1963 total of \$3.3 million. But in the last seven years it has more than tripled to nearly \$11 million.

- Michigan Tech's expenditures for capital outlay projects has exceeded \$30 million since 1950.

- The total of all University operating funds increased from \$7 million in 1965 to more than \$16 million in 1970.

- State funds provide 47 per cent of MTU's operating revenue. Of the remainder, 25 per cent is from auxiliary and self-liquidating activities, 16 per cent from student fees, 6 per cent from federal funds, and 6 per cent from other miscellaneous sources.

## Briefly Told

Escanaba police have issued traffic court notices to John E. Houle, 1618 S. 16th St., failing to exercise due care; Barbara J. Nault, Escanaba Rte. 1, improper backing; Reynold G. Vanlerberghe, 402 S. 15th St., improper lane usage; Leonard E. Olson, 627 S. 17th St., speeding; Wayne F. DeGrand, Bark River Rte. 1, and Robert L. Starnes, 1607 N. 20th St., both for failing to exercise due care.

Larry Moore, passenger in a car driven by Lawrence E. Moore, Jamestown, N. D., suffered slight injury in a traffic mishap at 14th St. and 5th Ave. S. on Wednesday at 4:50 p.m., city police report. Moore received a traffic summons for failing to yield the right of way. The other car was driven by Mrs. David Andrews, 1428 S. 13th St.

Barbershop singers will meet tonight at 7:45, following a board meeting, which has been set for 7.

Immunization Clinic has been scheduled at the Delta County Building on Friday from 2 to 4 p.m.

U.P. Chapter of the Michigan Kidney Foundation will meet at 8 p.m. Monday at the Chamber of Commerce Building. Betty Crocker coupons will be collected. All interested persons are invited to attend.

Job's Daughters, Bethel 7 of Gladstone will hold a candy and bake sale Saturday at 10 a.m. at Butch's Hardware.

William A. O'Connell, 19, of Butte des Morts, Wis., was arrested by Escanaba police and charged with larceny from a building following an investigation of the theft of clothing and money from a building at 411 Ludington St. An Escanaba boy, 16, will be referred to probate court on a similar charge. The report of the larceny was made to police by John Johnston Wednesday morning.

Investigations of two burglaries at business places in Escanaba are continuing, city police said today. Hyenssens-Sellins Furniture, north city limits at U. S. 2-41, reported that about \$160 in cash plus vacuum cleaners and furniture are missing. The Northwest Fruit Co. reported today the theft of boxes of candy by thieves who entered through the roof.

"We have always been optimistic," he says, "Vietnam is our home." (AP Wirephoto)

## Money Pledged In Pollution Fight In U.S.

WASHINGTON (AP) — The Interior Department has pledged to unleash a flood of money to build municipal waste treatment plants, but says a manpower shortage could delay construction of the important antipollution facilities.

Nearly three-quarters of a billion dollars needs to be distributed before the end of the year to help cities rid the nation's waterways of municipal wastes, said Tom Ferry, director of the department's grant program. "The funds are part of the \$800 million authorized by Congress and President Nixon to help build sewage treatment plants. Of the total, Ferry said, about \$71.5 million has been allocated.

"We will give priority to making the grants," Ferry said, but a personnel shortage could "possibly result in delays in construction."

The unprecedented amount of money to fight pollution, Ferry explained, has created a serious problem for the staff that must process and evaluate the scores of applications.

The Budget Bureau authorized the department to hire an additional 90 employees, and at least 50 have signed on with the agency, Ferry said. But the department needs another 95 trained men to handle the follow-up investigations, he said.

"In addition to administrative evaluation of applications, we have to have reports on the technical aspects of the engineering proposals, and we have to inspect the projects and review them in operation," Ferry stated.

By giving priority to allocation of grants, Ferry said, "we expect to have about \$650 million obligated under the formula by Dec. 31. Then it will take two or three months to get the remainder back and reallocate it to states that can use it."

The grants must be matched by state and local funds, with the federal government paying 30 to 55 per cent of the total construction costs.

The \$800 million is part of a five-year \$4 billion federal program designed to raise a total of \$10 billion for construction of municipal wastes treatment facilities. This program is a key part of President Nixon's drive to improve the nation's environment.

More people get more news from newspapers than all other sources combined.

## Using Law As Club On Campus Nixed

LANSING (AP) — "The law should not be used as a club to crack down on campus disorders," says the staff of a Michigan Senate investigating committee, but adds the legislature could help in the area of police activity.

The committee, formed in January of 1969, was authorized to spend \$50,000 in state money to conduct its study. It conducted interviews on public and private campuses and also hired outside research help.

Its recommendations, made available today, covered six areas: legislation, governance, academic affairs, campus security, coordination and communication.

The report said scholarship funds should not be withdrawn from any student simply because of his political or social views. These, the committee said, are not relevant.

The only considerations should be academic ones, the report said. "Such funds should be withdrawn only on the same basis and for the same reasons

for which they are granted." The report said campus regulations should apply to all persons who enter the campus. It said the problem of the "stranger" on campus is widely recognized and that such persons should be brought under campus rules through legislation if necessary.

The report said "all possible steps should be taken to eliminate the concept that a campus is a sanctuary."

"Prosecutors and other public officials clearly have the right, through their office, to serve subpoenas, injunctions and so forth."

The report recommended "urgently" that training standards for all law enforcement agencies be established. It said campus security officers should have training and pay equivalent to State Police.

The report said consideration should be given to enacting laws "that would allow the State Police to be the first outside force" called on and provide that any other police agencies called would be under a unified command.

On the question of black studies programs, the report said, "There are many serious problems." It said current programs "are often enucleated in terms of being unable to band and that the courses often have gained effectively for more funds" "relatively little content."

The report said "far more effective would be an infusion of all courses which deal with social, political, artistic and literary phenomena with the achievements of all Americans. "Black studies programs are often a holding action establishing an enclave for black studies while protecting the rest of the curriculum from change."

Generally, the staff recommended that universities be allowed as much freedom as possible but at the same time to keep the public informed of how its money is being spent. The report said universities should spend money wisely, and strive for closer relationship with students.

The report said schools must develop ways of rewarding good teaching and also for a study of tenure procedures.

"Compared with other professions, college teachers are not subject to the same vigorous evaluations of competence," it read.

## Find Head, Limbs Of City Woman, Torso Missing

DETROIT (AP) — The head and severed limbs of a 25-year-old woman were found Wednesday night in four plastic garbage bags in a field on Jefferson Avenue between Fiske and Lodge on Detroit's East Side.

Police said fingerprints and a driver's license identified the victim as Sandra Sue Snell of Lincoln Park. The torso was missing, police said.

The remains had apparently been tossed over a three-foot high wall just east of the Jeffersonian Hotel, police said. Two young boys found the bags containing the limbs and head.

Police said the condition of the limbs indicated the woman was possibly murdered last weekend.

The limbs had been severed neatly and the head was cut from the body as though "by a guillotine," according to attendants at the Wayne County Morgue.

An area resident told police he saw three men Saturday in the area where the bags were found.

## Demo Chairman Faces Empty Bin, Divided Party

WASHINGTON (AP) — Democrats are changing the guard over an empty treasury and a divided party today, with Lawrence F. O'Brien due to return as national chairman.

In an office which seems to attract more attention vacant than when it is occupied, O'Brien succeeds Sen. Fred R. Harris of Oklahoma.

Despite scattered signals of dissatisfaction, there was little doubt the Democratic National Committee would follow the script written by its executive committee and overwhelmingly approve O'Brien's return.

That reverses the party's last change of command, when Harris took over from O'Brien Jan. 14, 1969.

Harris announced his resignation as chairman a month ago, blaming the criticism of Democrats who didn't like his views and saying he wanted more freedom to speak his mind on national issues.

## Schaffer

Mr. and Mrs. Joseph Potvin have returned from a vacation with his brother, Edward in Pittsburg, Pa., their daughter and family, the John Givens in Pontiac and the Leo Potvins in Louisiana.

Mrs. Louis Butryn has left for a two week stay in the Bahamas. She accompanied her cousin, Jean Bachleda of Chicago.

Mr. and Mrs. Ronald Lorge and family have returned to Milwaukee after a weekend visit with her parents, Mr. and Mrs. Ed Meyers.

# Powers Trips Felch In Tourney Contest

**By MIKE UTT**  
**POWERS** — An attempt to hold the ball against the Powers-Spalding Tigers backfired on the Felch Foresters Wednesday evening, as the Tigers registered a 54-26 victory in the opening game of the Class D district tourney.

Tonight's games will feature Hermansville and Carney in the opener at 7 and Powers against Bark River in the nightcap at 8:30. Winners of

these two games will meet in the finals Saturday.

Felch's stall tactics began right away in the first quarter, but while the Foresters were trying to hold onto the ball, the Tigers were scoring the points. Powers jumped out to a 9-0 lead in the first six minutes of the quarter, scoring most of its points on break-away layups following a stolen pass.

Felch didn't score until the

1:40 mark of the period, and only then on a free throw by Dave Siegler. The Foresters only took one shot in the first quarter and missed that, but they did collect another free throw and trailed 12-2 at the end of the period.

Dick Smith, who scored six of the Tigers' 12 points in the first quarter, scored again early in the second period before Felch came back with another free throw by Siegler. Felch did not score again in the second quarter, but they did try a pair of shots from the outside, while Powers added five more points to its total to take a 19-3 lead at halftime.

Felch decided to shoot more in the second half and finally picked up its first field goal of the same at the 5:40 mark of the third period. Powers did not let the turn of events shake them up though, as Lee Vincent threw in 8 points to help the Tigers go ahead by a 34-12 margin as the two teams headed into the final quarter.

Things got a little livelier in the final frame, but the Tigers just kept building onto their lead, as Coach Mike Forsberg went to his bench. Powers took a 48-16 lead before Felch started to shoot every time it came down the floor and scored 10 points, making the final score read 54-26.

Smith, who led all scorers in the Escanaba area this season with a 26.2 point per game average, led the Tigers in the scoring column with 20 points and was the only Powers-Spalding player to hit double figures.

Felch got 12 points from Bill Edberg and 10 from high scoring Stewart Sundholm, who averaged over 20 points a game during the regular season.

For the game, Powers made 22 of 41 field goal attempts and Felch was 10 of 30 from the outside. The Tigers also held a 23-16 edge on the boards.

The box score:

POW.	FG	FT	FELCH	FG	FT
Smith	8	4	3	2	3
Riedy	2	3	0	5	2
Sharkey	2	2	1	0	1
Vincent	4	1	1	5	0
Mileski	0	0	3	3	2
Sheeks	1	0	1	1	0
Anderson	2	0	0	0	0
St. John	1	0	0	0	0
Ekberg	2	0	0	0	0
Totals	22	10	10	10	6

Score by Quarters:

Powers	12	7	15	20	54
Felch	2	1	9	14	26

The California Angels turned in 71 victories last year and 37 of them followed spurts in the last four innings.

**GOLDEN SHOE** — Bob Woolf, a Boston attorney, well-known in sports as a negotiator for prominent athletes, examines the golden shoe of Zenon Andrusyshyn from UCLA and ninth-round draft choice of the Dallas Cowboys, Andrusyshyn, a punter and a placekicker, is hoping Woolf can negotiate a deal with the Cowboys that will allow him to use his golden shoe to kick with. (AP Wirephoto)

# Eben Registers Win In Overtime

**ROCK** — Two free throws by Leo Niemi with nine seconds left in the overtime period proved to be the margin of victory as Eben edged past Perkins 69 to 67 in advancing to the District finals, where they will meet the winner of tonight's Rock-Rapid River contest.

With the score tied 63-63 at the end of regulation time Eben's Alex Freberg scored in the early moments of the overtime period to put the Eagles back in front by two. Perkins' Ken Simonsen came right back to put the Yellowjackets back in the game with a field goal. Joe Goin put Eben back on top by two with a short jumper and with nine seconds left, Niemi hit his two free throws for a four point lead for Eben. Dwayne Couillard scored at the buzzer for the Yellowjackets to make the final score 69-67 Eben.

The Eagles started the game fast and lead by as many as ten points early in the first quarter before Perkins started battling back and cut the Eben lead to six at 19-13. Both teams traded basket for basket in the second period before Perkins cut the lead to four, 35-31, to end the half.

Perkins began making its move early in the third period and tied the game at 35-35. The Yellowjackets continued to out-

## Eskymo Game

The Class A basketball tournament game between Escanaba and Marquette to night at Marquette will be played at 7:30 and the championship game on Saturday will be played at the same time.

# Big Bay Snarers Tourney Opener

**ENGADINE** — Big Bay de Noc and Paradise picked up victories in opening round games of Class D district tourney play Wednesday night and gained the right to meet in the finals Friday.

Big Bay de Noc, which went into the tournament with a 17-1 record, had an easy time scoring an 88-42 victory over the host Engadine Eagles and Paradise upended Grand Marais 52-39.

The Black Bears got a good defensive game and didn't do too bad in the offensive department either, moving ahead by a 33-14 margin at halftime and outscored the Eagles 55-28 in the final two quarters.

Big Bay attempted 75 shots from the field and connected on 31 for 42 per cent and Engadine made only 12 of 49 attempts from the outside for 42 per cent.

John Lewandowski's 20 rebounds also gave the Black Bears a big edge on the boards.

Bill Hartman scored 29 points in the contest to pace four Big Bay de Noc players in double

# Flood Loses First Round

**NEW YORK (AP)** — Having lost the first round Wednesday when a Federal Court judge refused to make Curt Flood a free agent, the outfielder's lawyers in his antitrust suit challenging baseball's reserve clause say they are "considering our next step to further this matter in the courts."

But it was virtually assured that the \$90,000-a-year outfielder, traded from St. Louis to Philadelphia last October, would sit out 1970.

Flood said earlier that he does "not intend to play baseball until this thing is settled." Wednesday, after Judge Irving Ben Cooper denied his request for a temporary injunction that would have made him a free agent able to sell his services to any major league team, Flood issued the following statement: "Judge Irving Ben Cooper's decision has resolved only that single issue presented to him—whether or not a restraining order should be issued at this time. The basic issue of the legality of the reserve clause remains to be decided and I shall continue my test of the reserve clause in the courts."

"The failure to obtain a restraining order means I've lost my one chance to play ball this year. I can only hope that after a full hearing on the merits that my position will have been vindicated and that my career will not have been ended by the time lost pursuing what I believe to be right."

# Dowler Quits; Goes To Rams

**LOS ANGELES (AP)** — The Los Angeles Rams of the National Football League Wednesday announced the hiring, as an end coach, of Boyd Dowler, who in Green Bay disclosed his retirement as the Packers' all-time second-best pass receiver.

Dowler, 32, was second with Green Bay to Don Hutson during his 11 years with the Packers.

"He's a proven winner," said Ram Coach George Allen. "Because of our great number of young receivers, I have been looking for a receiving coach who can demonstrate."

"He's ideal for our situation. He knows how to read defense and he's a pro. I'm delighted to get him."

From his home in Green Bay, Dowler said, "I feel my future is in coaching and I now have a chance to join the fine Ram organization. When the opportunity presented itself I seized it."

"I've had a fine association with the Packer organization and the fans and players in Green Bay," Dowler added.

# Bears Lose Rose On Rule Change

**MARQUETTE** — The National Football League has voided the selection of Northern Michigan's Ted Rose by the Chicago Bears in the 11th round of the recent pro football draft.

An NFL spokesman advised Northern's athletic department that Rose was ineligible for the draft since he still has one remaining season of college football eligibility.

The NFL said that "red-shirt-ing" is such a common practice in college that they revised their draft rules and now will not select a player until he has completed his collegiate eligibility. In the past a player became eligible in the year his class was scheduled to graduate.

Red-shirting refers to withholding a player from competition for one season. The NCAA allows this under the rule that says an athlete has four seasons of football eligibility (eight semesters in basketball) over a period of ten consecutive semesters.

Rose played football at Northern in 1968 and is eligible to play again this fall since it would be his ninth semester at NMU. He has no further basketball eligibility remaining.

A spokesman for the Chicago Bears said the NFL club was "unaware" of the rule change when they selected Rose. The all-time leading basketball scorer at NMU is no longer the property of the Bears and will be available for drafting by any pro team that wants him in 1971.

Mickey Lolich defeated every team in the American League in 1969 except the Oakland A's.

# Jackson, Finley Remain Apart In Contract Talks

**By The Associated Press**  
 The Oakland Athletics' salary war between slugger Reggie Jackson and owner Charlie Finley is heating up just when the pitching mound and home plate are cooling off.

The A's made more news off the field than on it Wednesday as major league baseball clubs continued to play intrasquad contests in preparation for the start of full exhibition play later this week.

The verbal give-and-take between Jackson and Finley picked up because Jackson doesn't want to take the salary Finley wants to give.

Finley said the A's might have to do without Jackson, who hit 47 home runs last season, and Jackson said that was A-O-K with him. The hard-hitting outfielder has been offered \$40,000, which Finley says is double what he got in 1969. Jackson says he won't take a penny less than \$60,000.

"He might as well ask for \$200,000," answered Finley. "It would be the same answer: No way."

Jackson claims he is making \$4,500 a month in a land development business in Arizona and would have to take a pay cut to play for \$40,000.

"I'm tired of hearing that stuff," Jackson said when informed of Finley's remarks that young Bobby Brooks might open in right field instead of Jackson.

"That's like him saying he won't sell insurance," Jackson cracked. Finley made his fortune in insurance.

Meanwhile, back at the ranch—in this case the A's spring training base at Mesa, Ariz.—Fire Marshal Jack Brimhall ordered the grounds crew to stop using gasoline fires to dry out the pitching mound and the plate made soggy by two days of rain.

Brimhall said the Athletics didn't have a permit and when he saw a picture of the incident in a Phoenix newspaper, "I wanted to hide under the bed."

On the serious side, Phil Regan, player representative of the Chicago Cubs, said the Major League Players Association favors a legal maneuver to permit outfielder Curt Flood to play baseball until his court suit challenging the reserve clause is resolved.

A Federal Court judge in New York refused Wednesday to grant a temporary injunction that would have made Flood a free agent, able to negotiate with any team. The 32-year-old outfielder was traded from St. Louis to Philadelphia last October and balked at the trade. He has said he won't play until the case is settled.

Regan also said the Players Association was anxious to head off any strike threat before their current agreement with the owners expires April 5. "Although I didn't attend the

last meeting of all the player representatives, I do know the rank-and-file players do not want a strike," Regan said. "This is the case with the Cubs and I'm told the same situation prevails among the 23 other clubs."

To avert a strike, we'd like to see all the differences between the negotiators for both the owners and the players settled and a contract signed before the deadline. I'm confident this can be done."

In intrasquad highlights, outfielder Carlos May of the Chicago White Sox tested his severed right thumb in game competition for the first time since he was injured by a mortar shell while on Marine reserve duty last summer. May hit the ball well.

All-Star catcher Johnny Bench of the Cincinnati Reds worked at third base, where he is expected to see some action this season, and handled seven chances flawlessly, including a fine back-hand stop of a line drive.

On the holdout front, the New York Yankees signed infielders Jerry Kenney and Ron Hansen and the Montreal Expos signed outfielder Don Bosch. But, in addition to Jackson, Washington's Frank Howard, Cincinnati's Jim Maloney and Tommy Helms, Richie Allen and Steve Carlton of St. Louis and Cleveland's Tony Horton remained adamant.

# Veteran Howe Gives Wings 2-0 Victory Over Rangers

**By The Associated Press**  
 Gordie Howe, enjoying his 24th National Hockey League season with the Detroit Red Wings, has played in more games, scored more goals and assisted on more goals than any player in the history of the sport.

He has had little opportunity to feel frustration. But the big guy overcame a bit of worry Wednesday night when he led the Red Wings in a 2-0 snub of the New York Rangers.

Elsewhere in the NHL Wednesday, St. Louis beat Boston 3-1, Pittsburgh whipped Montreal 2-1 and Minnesota tied Philadelphia 2-2.

Over the years, the New York

Rangers have been Howe's favorite whipping boys, providing the big guy with a good portion of his impressive statistics. But in hockey, it's what you have done lately that counts, and lately, Howe hadn't done much to hurt the Rangers.

Until Wednesday, that is. The Rangers, battling in the five-team East Division dogfight, carried a nine-game unbeaten streak against the Wings into Wednesday night's game. It dated back to Jan. 11, 1969—better than one year. And over that period, Mr. Howe, author of more than 750 career goals, had scored only once and assisted on only two other Detroit goals.

"I had to put an end to all that stuff about only one goal against New York," said Mr. Howe, who did exactly that.

First, Howe broke up a tense, scoreless duel between the two teams halfway through the second period with a power play goal. He was parked on goalie Ed Giacomin's Doorstep and easily tapped a rebound into the net.

Then, in the third period, Howe carried the puck the length of the ice before feeding Alex Delvecchio for the clinching goal in the 2-0 victory.

"I thought that was sheer speed," said Howe, "but some-

body else said it was poetry in slow motion."

The Bruins had gone 32 consecutive games without losing to the West—a major factor in their move to the top of the East Division.

But Ab McDonald snapped a 20-game scoring drought and goalie Jacques Plante had the Bruins shut out until the final half minute of the game.

Phil Goyette assisted on McDonald's first goal since Jan. 15 and then scored one of his own as St. Louis hopped into a 2-0 lead. Ther. Red Berenson hit for the Blues in the Middle period and it remained 3-0 until Phil Esposito connected with only 25 seconds left in the game.

Pittsburgh, second in the West behind St. Louis, had to come from behind for the victory on goals by Bob Woytowich and Pronovost. The game-winner went through goalie Rogation Vachon's pads and dribbled into the net.

Bill Sutherland ruined Worsley's Minnesota debut with a pair of third-period goals that gave Philadelphia its tie against the North Stars.

It was the 22nd tie of the season for the Flyers, who salvaged the point on Sutherland's power play goal with eight minutes left and a freak bounce four minutes later.

# McLain Brushes Off Paint Firm

**DETROIT (AP)** — Denny McLain, out of baseball at the moment under orders from Baseball Commissioner Bowie Kuhn is getting out of the paint business voluntarily.

At the first, and perhaps last, stockholders meeting of Denny McLain Dycos Paints Inc., general counsel Edward P. May read a letter from McLain in which the suspended pitcher asked that his name be removed from the firm's papers of incorporation.

May, who formerly served as McLain's personal attorney, said McLain has invested about \$20,000 in the firm, which is deeply in debt.

The stockholders discussed putting the firm into receivership.

May said he and 13 other stockholders plan to form a new corporation, to be called New Detroit Paint Co., and bid for the property of Dycos if the firm is placed in receivership.

When a firm is placed in receivership, its assets usually are sold to the highest bidder and the proceeds of the sale are distributed to creditors.

McLain did not appear at the Wednesday meeting in person. He is still at his home near the Tiger spring training camp at Lakeland, Fla. McLain has been indefinitely suspended by Kuhn for "involvement in 1967 book-making activities."

## Lakers Triumph; West Scores 32

By The Associated Press

Jerry West continues to breathe life into the ailing Los Angeles Lakers as they await the return of the big man later this month.

The big man is Wilt Chamberlain, who works out today in a team drill at Los Angeles. The 7-foot-1 center has been sidelined since Nov. 7 when he ruptured a tendon under his right kneecap.

The Lakers expect him back no later than March 18.

Another key man, Elgin Baylor, was among the missing Wednesday night when the Lakers downed the Baltimore Bullets—another injury-riddled club 94-91 to reduce Atlanta's lead in the National Basketball Association's Western Division to one game.

It was West who led the way with 32 points, including two clinching free throws with two seconds remaining.

In other NBA games, Boston topped San Francisco 115-110 and Cincinnati edged San Diego 127-125.

Los Angeles tripped Denver 135-122 and Indiana dealt New York a 105-97 defeat in the American Basketball Association.

West scored 13 points in the fourth quarter and five of the Lakers' last 10 after the Bullets had deadlocked the game at 84 with 3:13 remaining.

Jack Marin paced Baltimore with 23 points, Gus Johnson added 21 and Earl Monroe 19, including several key points to

keep it close down to the wire.

Rick Roberson added 19 points for the Lakers.

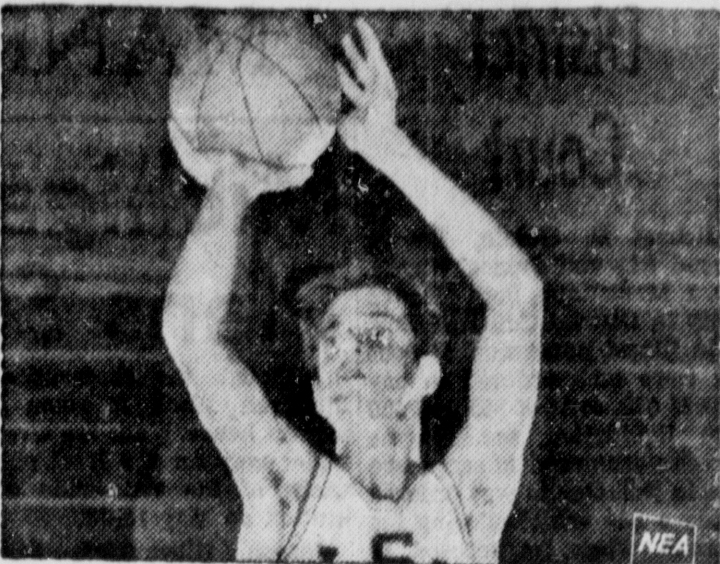

John Havlicek scored 20 of his 31 points in the first half as Boston upended San Francisco. The Warriors wiped out an 18-point second-period deficit and moved to a 98-93 lead early in the fourth period.

Havlicek then scored a field goal and stole the ball and tallied again to put the Celtics in front for good.

Bailey Howell added 21 for Boston while Joe Ellis hit for 25 and Jeff Mullins 24 for San Francisco.

Oscar Robertson sank two free throws with 17 seconds left in leading Cincinnati over San Diego. Veteran Johnny Green came through with a clutch block of Jim Barnett's attempted tying shot.

Robertson finished with 24 points while Connie Dierking hit a game-high 31 points for the Royals. Bob Smith topped the Rockets with 21 points while Elvin Hayes, in foul trouble, finished with 10 points.

Pete Maravich

## Maravich Honored

BATON ROUGE, La. (AP) — Pete Maravich, who thrilled crowds from the Louisiana Bayous to ocean beaches of Hawaii with his shooting and court magic, is college basketball's Player of the Year. And it climaxed a long and often lonely road for the skinny kid from the Carolinas to the top of the basketball world.

"Gee, this really caps it, this makes it worth every step," the

21-year-old Louisiana State record buster said when told The Associated Press had named him the season's top player Wednesday.

The list of credentials is impressive for the LSU shooting star who is rarely satisfied with his crowd-thrilling performances. He broke Oscar Robertson's NCAA career scoring record more than a month ago and a 55-point outburst against Mississippi State Monday night gave him 1,263 for this season, another major college record.

Through 27 games, he's hitting at a 46.8 points per game clip with only Georgia left on the regular season schedule, but the Bayou Tigers have a spot in the prestigious National Invitation Tournament starting next week.

## Milwaukee May Get Pilots Yet; League Sets Meeting

MILWAUKEE, Wis. (AP) — The American League will hold a meeting in Tampa, Fla., Tuesday to discuss the status of the Seattle franchise, the Milwaukee Sentinel said in its Thursday morning edition.

Lou Chapman, baseball writer for the Sentinel, said Joe Cronin, president of the American League, had confirmed that the meeting will be held "sometime next week."

"There have been reports that the league is planning to move the franchise to Milwaukee before the start of the season because some of the owners are fearful of incurring losses in their operation of the Seattle club this season," the story said.

The White Sox owner was referring to the league's refusal to accept an ownership plan offered by a Seattle group headed by Edward Carlson, a hotel operator. Carlson's plan included a non-profit proposal.

Short told the Sentinel he never liked the Seattle situation. The newspaper quoted him as saying

that if another vote comes up in Tampa Tuesday, he is "absolutely" in favor of shifting the Pilots' franchise to Milwaukee.

"I introduced a resolution favoring the move to Milwaukee the last time we met in Chicago," the Sentinel quoted Short as saying. "I'm going to do it again Tuesday."

## Gutierrez Stars In Practice Tilt

LAKE LAND, Fla. (AP) — Cesar Gutierrez, the Detroit Tigers prime candidate at shortstop, collected three hits in four tries to become the batting star of the Tigers' scoreless intrasquad game Wednesday.

## Ski Meet Set For Ishpeming

ISHPEMING — Four foreign entries, three Norwegians previously entered and a new entry from Sweden, have arrived in Ishpeming to begin practicing for the 83rd annual Ishpeming ski-jumping doubleheader

Saturday and Sunday on Suicide Hill.

The three Norwegian stars are Frithjof Prydz, Einer Bekken and Bent Tomtun, who were accompanied by their coach, Oddvar Mo. They were accompanied by the lone Swedish entry, Tord Karlsson.

All three competed in the three-day ski-flying event on the huge Copper Peak hill.

Prydz was one of the top jumpers in the Copper Peak event placing sixth in the two-day competition. On both days he had jumps of 351-367-364-354-358-367. Kekken, who finished in a tie for 13th, had jumps of 361-384-331-318-325. Tomtun, who wound up in 23rd had leaps of 312-328-314-272-312-302. Karlsson placed 19th with jumps of 322-331-325-266-331-335.

## Detroit Mayor Blasts Lions' Shift Threats

DETROIT (AP) — Threats to move the Detroit Lions to Pontiac were called "precipitous, unwarranted, unnecessary and perplexing" by Detroit Mayor Roman Gribbs at a hastily called press conference Wednesday.

Furthermore, Gribbs vowed, "There will be a stadium in downtown Detroit. It is the critical and pivotal ingredient for the revitalization of not only downtown but the entire city."

William Clay Ford, owner of the National Football League team, has announced the Lions have signed a proposal by the city of Pontiac to move the team to a \$40 million domed stadium that would be constructed near M-59 and the I-75 freeway unless Detroit comes up with firm plans for a new stadium within six months.

The quartet of foreigners will be pressing the top American jumpers for honors in the annual Paul Bietila Memorial meet on Saturday and the 83rd annual Ishpeming Ski Club tournament on Sunday.

Heading the American stars will be Adrian Watt, Duluth, who was the best American in the Copper Peak event by placing fourth.

The others representing the Greg Swor, also of Duluth, who was the top American in the World Championship meet; Jay Martin, of Minneapolis, and Ken Harkins, of Duluth. Bill Bakke, of Madison, Wis., the 1970 National champion, also a member of the U.S. team, will not compete. He sustained an injury at Copper Peak.

## U.S. Puck Squad Scores Victory

BUCHAREST, Romania (AP) — The United States has gained a berth in the elite Group A competition for the 1971 World Ice Hockey Championships.

The Americans, unbeaten in this year's tourney, made a spot for themselves in Group A Wednesday by trouncing Norway 9-2 and winning the Group B title.

A year ago, the U.S. team was last in the Group A competition and was eliminated from the major tournament.

The U.S. team made its final appearance today against Switzerland.

In Wednesday's match with Norway, the Americans rolled up a 4-0 lead in the first period. Eight players scored the U.S. goals with Craig Patrick of St. Louis getting two.

The other American scorers were Keith Christiansen of Duluth, Minn.; Henry Boucha of Warroad, Minn.; Gary Gambucci of Hopkins, Minn.; George Konik of Bloomington, Minn.; Len Liljholm of Minneapolis; Bryan Grand of Roseau, Minn.; and Austin O'Neill of Marquette, Mich.

Officials of the Ishpeming Ski Club again urged the purchase of ski button admissions in advance of the events. Prices during the advance sale are \$1.50 for adults and \$1 for children. At the gates on both tournament days the price will be \$2 for adults and \$1.50 for children. One button will be the admission for both Saturday and Sunday events.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

## Jacksonville Coach Has Nervous Problem Lately

By The Associated Press

Joe Williams, coach of the nationally sixth-ranked Jacksonville Dolphins in college basketball, has an upset stomach and isn't getting much sleep these nights.

Even the 108-97 victory the Dolphins scored over Miami of Florida Wednesday night to finish their regular season at 23-1 didn't help much.

"I haven't a good stomach for two weeks and the countdown is now slapping us right in the face," Williams said. "We didn't give this Miami game much consideration and if we'd lost it wouldn't have dampened our spirits for the national tournament. Our mind was in Dayton and our bodies in Miami."

Williams referred to Jacksonville's first-round game in the NCAA championship tournament against Western Kentucky in Dayton, Ohio, Saturday afternoon.

"I'm getting very little sleep these days because of worrying about how we'll play in the NCAA," Williams said.

He won't have to worry too much if the Dolphins keep up their 100-point average per game. They finished the regular season with 101.3 average to better the mark of 99 set by Syracuse in 1966.

Vaughn Wedeking's 26 points and 19 from 7-foot-2 Artis Gilmore paced the Dolphins but 6-3 Don Curnutt, playing on his home court, took game scoring honors with 40 points.

Curnutt became the second Miami player to score 2,000 points in his career. The first to do it for the Hurricanes as Rick Barry.

Two other NCAA-bound teams, Houston and Utah State, defeated Creighton 62-58 and Brigham Young, 86-73, respectively.

A basket by Poo Welch with 48 seconds put Houston ahead for the first time as the Cougars

overcame an 11-point deficit to beat Creighton at Omaha.

Utah State, No. 18 in the Associated Press poll, also won on the road in downing BYU behind the 21-point performance of Marv Roberts.

Weber State, NCAA-bound, scored a 79-72 road victory over Seattle, but the Texas, El Paso, Miners, also NCAA-bound, absorbed a 78-70 licking by New Mexico at Albuquerque.

Ron Becker led the winning Lobos with 25 points. Willie Sojourner paced Weber State with 24.

Willie Long of New Mexico and Dick Gibbs of the Miners were ejected for fighting with five minutes left.

There was another fight at Memphis, Tenn., when Louisville kept alive its hopes of an NIT-bid by shading Memphis State 83-82 on a free throw by Mike Lawhorn with 16 seconds left.

Lawhorn and Fred Horton of Memphis State exchanged punches as the teams were leaving the floor.

NIT-bound Miami of Ohio scored on the road at Cincinnati over Xavier of Ohio 68-64. Richie Regan ended his coaching career at seton hall watching his Pirates beat Scranton 85-77 at South Orange, N.J.

## Ski Report

By The Associated Press

UPPER MICHIGAN

Cliffs Ridge, 26 base, excellent.

Brule Mountain, 10-22 base, 1 new, excellent.

Big Powderhorn, 24 base, very good to excellent.

## District Court

Michael D. Goldie, 112 S. Second St., and James Wayne, Rte. 1, Manistique, both pleaded guilty in District Court on Feb. 25 to illegal possession of deer and were each ordered to pay fines of \$20, costs of \$65 and \$50 state liquidation fee. Wayne was also sentenced to serve two days in jail. Goldie was ordered to pay a \$24 vehicle towing fee incurred when he refused to open his trunk for Conservation officers when arrested last November.

David R. Smith, 540 Park Ave., paid \$10 and \$8 for operating a snowmachine on a public street; James McLean, 321 N. Third St., paid \$5 and \$5 for excessive noise by snowmachine; James F. Ansell of Cooks paid \$10 and \$8 for operating a snowmachine on a public street plus \$10 and \$8 for no vehicle insurance proof.

Paying fines and costs for speeding were Sara Farmer, 806 Garden Ave., \$20 and \$15; Donald J. Benish, 629 Arbutus Ave., Frank Ozanich, Hubbell; Keith Platte, Grand Rapids, each \$15 and \$15; David L. Hardie, Chipewawa Falls, Wis., \$15 and \$10; Alex M. Frazier, Naubinway; Brian J. Pike, 436 Oak St.; Norman J. Stanaway, Negaunee; Gregory T. Bridges, Cheboygan, each \$10 and \$10.

Paying \$10 and \$8 for speeding were Jesse W. Rauterson, Mt. Clemens; Richard W. Carroll, Newberry; Albert L. Abel, Sterling; Warren Suchowsky, Stephenson; Richard M. Trescartin, Quinnesec; Eva Burrell, Gulliver; Gary Byl, Spring Lake; James Zook, Houghton; David P. Slining, 615 Garden Ave.

Other cases: Clifford J. Roberts Jr., Thompson, no vehicle insurance, \$15 and \$10, and improper registration, \$10 and \$8; Darrell K. DeRouin, Utica, speeding bond forfeit, \$25; Maurice F. Chandler, Cooks, failure to yield right-of-way, \$10 and \$10; Charles R. Hancock, Wetmore, defective brakes, \$10 and \$8; Ronald J. Brazeau, Escanaba, improper left turn, \$10 and \$8; Roselind Metcalf, Newberry, and Ardyn M. Gladney, Mobile, Ala., no operator's license, \$5 and \$5; Joseph Handl Cooks, and Charles E. Williams, Waukesha, Wis., failure to yield right-of-way, each \$5 and \$5; John E. Mott, Oscoda, failure to have vehicle under control, \$5 and \$5; Edna Mrozek, Hessel, expired operator's license, \$5 and \$5.

Paying \$5 costs were Allan R. Landis, Cooks, improper backing; Ronald A. Sundberg, Rapid River, expired trailer license; Edward Kossow Jr., Rock, no insurance proof; Andrew L. Gladney, Kincheloe AFB, no operator's license.

## MANISTIQUE Michigan Week Plans Started

Although the observance of Michigan Week is some two months hence, plans are already under way for the local observance of the state-wide celebration on May 16-23.

Joseph Giovannini, known less formally as "Mr. G," high school civics teacher, is this year's county chairman and will be assisted by Gerald Grapich, First National Bank, and Philip Ott, State Savings Bank. Chairmen for the various days include:

Roy Anderson, MHS senior, will direct activities for Community Pride Day, May 16. Roy was Mr. "G's" Government Day assistant last year and is choosing assistants from the junior and senior high school classes to assist him.

Rev. Charles Swinehart, rector of St. Alban's Episcopal Church, is Spiritual Foundations Day chairman which will be observed on May 17. Rev. Swinehart will coordinate recognition ceremonies in the various churches in the area.

Lowell Cooper, civics teacher at the high school, has accepted the chairmanship of Government Day, May 18. Cooper will be assisted by student co-chairmen Rick Bonifas and Jean Lequia.

Government Day is traditionally a "Mayor Exchange" day and the city is expected to trade mayors with Walled Lake.

Mrs. John Paul Quick was reelected president of the Manistique Women's Club during the regular Tuesday afternoon meeting of the club at Augustana Hall.

Other officers include Mrs. William Hood, vice president; Mrs. James Slining, recording secretary; Mrs. John Parsly, treasurer; Mrs. Roland Hoholik, corresponding secretary. Directors include Mrs. Merle Wehner and Mrs. Keith Bundy.

Mrs. Parsly is replacing Mrs. William Drefs while Mrs. Bundy replaces Mrs. Lyle Wilson.

A 1:30 dessert preceded the meeting and program featuring Rev. and Mrs. Theodore Doane who related missionary experiences while serving in Guyana, S.A. Miss Arlene Gordanier, vocal music instructor in the Manistique Area Schools, entertained with selections from "The Sound of Music" with Mrs. Doane providing accompaniment.

The club agreed to take part in "Operation Pride," a clean-up, fix-up, paint-up project which will precede Michigan Week in May.

April 14 was set as the date for a senior girls tea honoring 1970 MHS graduates. The one o'clock event will be held at the Surf with a style show as part of the entertainment. Mrs. Clyde Strasler and Mrs. Charles Varnum are co-chairmen of the tea.

Mrs. Donald Hoholik and Mrs. Harold McNamara were co-chairmen of the hostess committee.

**Miss Berger Gets NMU Scholarship**

Jo Anne Berger is one of four Upper Peninsula high school seniors named as winners of Lakehead Pipeline, Inc. scholarships at Northern Michigan University.

The daughter of Mr. and Mrs. Richard Berger, 130 N. Fourth St., is the first announced scholarship winner in the MHS Class of 1970.

Candidates for Lakehead scholarships must be accepted full-time or prospective students at Northern. Each student will receive \$125 at the beginning of each semester.

**Obituary**

**WILLIAM ARTHUR BERGER**

Complete funeral services were held Wednesday at 11 a. m. from the Messier-Broulliere Funeral Home for William A. Berger, 57, who died March 1. Mr. Berger lived at 620 E. Elk St.

Rev. Curtis Haas, pastor of the First Baptist Church, officiated at the rites with Mrs. Roy LaMarche at the organ. Burial will take place in the spring at the Fairview Cemetery.

Palbearers were Marland Wolfe, Kenneth Thorell, Robert Marks, Clarence Thorell, Fred Lesica and Harry Durno.

**RURAL POST OFFICES**

NEW DELHI (AP)—Post offices in rural India now number 93,011, the government announced.

## Robert Nelson Named Inland Firm Treasurer

Former resident Robert C. Nelson will join the Inland Lime & Stone Company as treasurer on April 1, according to an announcement from John W. Moffat, vice president and general manager.

Nelson, who is resigning a managerial and accounting position with the Department of Health, Education and Welfare in Memphis, Tenn., was office manager and chief accountant for the Manistique Pulp and Paper Company from 1955-1963. He also worked a year as City Clerk and Treasurer in Manistique before accepting the HEW post in Tennessee.

He holds a B. S. degree in Commerce from DePaul University in Chicago and following his 1951 graduation worked with the University for one year as supervisor of the Accounting Department. From 1951-1955 he was senior cost accountant with U. S. Gypsum Co. in Chicago.

Nelson is married to the former Dona Redeker of Manistique and they are the parents of five children. The family will be moving to Manistique in the near future.

**5 From Area Get Army Physicals**

Five local youths left Wednesday by chartered bus for Milwaukee where they will take pre-induction physicals.

Mrs. Ann Jorgenson, Selective Service Clerk, said Oliver Sholander, leader; Douglas White, Paul Klarich, Leonard Courneya, Terry Kendall and James Barber were the six who left.

Eight other young men also slated for pre-induction, have transferred to other boards and include John Males, Michael Lindvall, Jerry Belleville, Ernest Haas, Phil Hartman, Philip Denman, Edward Brault and Neil Plante.

**Hospital**

Admitted to the Schoolcraft Memorial Hospital Tuesday were Lois Gregurash, Edwin Olson, Martin Olson, Buelah MacPhail, Ray Lausten and Charles Redeker.

Discharged were John Genesee, Marjorie Fagan, Debra Tufnell, Joyce Price and William McKenzie.

**Rifle-Pistol Club**

High Individual: Pete Nell 233; Paul Hansen and Lyle Kotchen 278; Bill Wallace 276; Gary Olson 274; Floyd Houghton 272.

High Handicap: A. Larson 333; C. Atwater 326; B. Griffith 320; P. Hansen 319; E. Johnson 316.

# Area Captains Announced For March Of Dimes

While the world continues to marvel at man's walk on the moon, a dedicated group of women in Escanaba will have their feet on the ground March 19 for the annual March of Dimes Mothers' March against birth defects.

It will take place with the help of area captains whose appointment was announced today by Mrs. William Savard, Mothers' March chairman, and Mrs. Myles Leonard, co-chairman.

The area captains are: Area 1—Mrs. Robert McDonough, 321 S. 6th St.; 2—Mrs. Francis Lessard, 305 S. 12th St.; 3—Mrs. Ralph Zenker, 1500 11th Ave. S.; 4—Mrs. Melvin Karkkainen, 312 S. 18th St.; 5—Mrs. Lawrence LaCrosse, 720 S. 19th St.; 6—Mrs. Carl Hendrickson, 1811 22nd Ave. S.; 7—Mrs. Jack Manning, 1918 Park Ave.; 8—Mrs. James Crichton Jr., 1303 1st Ave. N.; 9—Mrs. Nicholas Denessen, 601 N. 19th St.; 10—Mrs. Lloyd Hendrickson, 1206 N. 16th; 11—Mrs. John Berrigan, 1604 Washington; 12—Mrs. Raymond Wilfong, 1024 N. 18th.

Mrs. Savard today issued a call for volunteers. "We want to saturate neighborhoods this year with Marchers," she said.

"Our goal is the prevention of birth defects, a cause which touches every family. What better insurance could there be than helping to support the steady expansion of the March of Dimes programs in research, education, patient care and community services."

Since 1958 the voluntary health organization has established a nationwide network of 111 Birth Defects Centers and has initiated year-around prenatal care and public health education projects as well as professional education programs.

Anyone interested in volunteering for the fund-raising campaign in Escanaba should call 786-5872 or 786-2237.

## To Head Group

LANSING (AP)—Gov. William Milliken has named Steven Stockmeyer, 29, to head the Michigan committee for the 1970 White House Conference on Children and Youth.

## Military Court Cuts Sentence Of Pro-Communist

SAIGON (AP) — A military court Thursday convicted National Assemblyman Tran Ngoc Chau for the second time of pro-Communist activity but reduced the 20-year sentence it gave him last week to 10 years.

The 46-year-old political opponent of President Nguyen Van Thieu was accused of illegal contacts with a brother who was a Viet Cong intelligence agent and who is now in a government prison.

As he was led from the courtroom, Chau told newsmen: "When peace is restored, I will be back and serve the nation." Then he flashed the "V" sign with his right hand.

Chau admitted having contacts with his brother but said he was acting as an unofficial agent for the U.S. Central Intelligence Agency.

## Booth Quits

DETROIT (AP)—Warren S. Booth, a member of the board of directors of Booth Newspapers, Inc., for over 36 years, resigned Wednesday and was succeeded by James F. Winter, a Jackson, Mich., industrialist.

Booth, 75, is a former publisher of the Detroit News. He retired in October, 1969, as chairman of the board of The Evening News Association, but continues as a director of that newspaper.

EXHAUST REDUCER — Tom Kalogerson, vice president of Optimizer Control Corp., demonstrates his company's new "Optimizer," a device he says could potentially reduce auto exhaust fumes up to 90 per cent and at the same time improve the auto's performance. He says it would cost about \$50 and would outlast auto engines by thousands of hours.

## Pat Goes About Her Way Despite Demonstrators

DENVER (AP) — Pat Nixon ignored peace demonstrators and threat rumors and went on her rounds Wednesday in a visit to Boulder—a community beset by six recent bombing incidents.

Heading eastward today on the last lap of a 4,000-mile, five-state journey to see college volunteers in action on community projects, she planned to stop at the rural School of the Ozarks at Point Lookout, near Springfield, Mo.

Peace demonstrators turned out for the second day in a row when the President's wife made her five-hour visit to Boulder, 30 miles northwest of here in the foothills of the Rockies.

They chanted, "Peace now," "Stop the war," and "Power to the people" while Mrs. Nixon toured a day nursery across the street and smilingly watched youngsters whirling on a playground merry-go-round.

Police and Secret Service agents checked out two threat reports involving the first lady, and arrested one youthful demonstrator.

Everywhere Mrs. Nixon went, a Denver police helicopter hovered over her police-escorted motorcade. Its powerful spotlight illuminated grassy areas along the highway on part of her return route from Boulder Wednesday night.

Shortly after her return to Denver, a bomb explosion occurred in the Boulder area, not far from where she had spent the afternoon and early evening visiting preschool and day care centers and homes for the elderly and retarded.

Mrs. Nixon was having trouble with her voice. She explained she had been doing a lot of talking with student volunteer escorts who were showing her their projects.

## Lawmaker Asks State Guidebook For Handicapped

LANSING (AP)—In an effort to help the handicapped, an Ann Arbor lawmaker is calling for publication of a guidebook describing facilities of state parks, buildings and other Michigan "points of interest."

"Too often the handicapped cannot visit a library or picnic area because there is no provision for access by wheelchair," said Republican Sen. Gilbert Bursley.

"We have an architectural barriers law for new buildings but many older buildings have not been adapted and the handicapped have no way of knowing which have suitable facilities," he said.

Bursley is sponsoring legislation that would require the State Social Services Department to compile and publish a series of guidebooks describing the facilities of state parks and recreation areas, public buildings, churches, hotels, restaurants and other points of interest which have been adapted for use by the handicapped.

Bursley also called for legislation that would provide for driver education for the handicapped in the public schools.

## Chicago Prices

POTATOES  
CHICAGO (AP) — (USDA)—Wednesday's potatoes, arrivals 38; on track 110; total U.S. shipments 234; old — supplies moderate; demand fair; market about steady; carlot track sales: Minnesota North Dakota round reds 3.70-3.75; new — offerings light, insufficient to quote.

BUTTER & EGGS  
CHICAGO (AP) — (USDA)—Butter Wednesday: wholesale selling prices unchanged; 93 score AA 67.596; 92 A 67.596; 90 B 65.596.  
Eggs: prices paid delivered to Chicago unchanged to 1 higher; 80 per cent or better grade A whites 46-49; medium white extras 36½-37; standards 39-39½.

## Long-Haired Vagabonds Not 'Kings Of The Road'

VENTURA, Calif. (AP) — The scene is an entry ramp to U.S. 101, the freeway north-bound. It's the place where long-haired vagabonds start hitch-hiking when they head north for Big Sur, Berkeley or San Francisco.

Two 18-year-old Canadians are leaving the warmth of Southern California's winter sunshine, disillusioned.

"It's too crowded," one says, fingering his beard.

"People here have too much money...there's too much pollution...the only attraction is the ocean."

They talk about the people who give them rides. "Mostly," says the one with the wispy beard, "it's long-haired freaks, the ones with Volkswagen vans."

Sure enough, after 1½ hours of waiting, a VW van bulging with longhairs gives them a lift.

Two girls, Karen and Ruthie, wanderers from North Dakota, arrive.

For them, traveling is easier. They say they never wait longer than 10 minutes.

"But only men pick us up,"

Ruthie says. "The women stick their tongues out at us."

Aren't they afraid?

"People told us over and over how dangerous it was to thumb in California," Karen says, "but we haven't seen any kind of perverted thing...Meeting people has just been the most fantastic thing."

A well-dressed man stops for them. As they get in, so do two boys who had been thumbing nearby. The girls had met the boys only minutes earlier but agreed to front for them—one of the tricks of the trade.

And then there are Frank and Jerry, the former Shaggy, the latter closely shorn. They talk about LSD.

"I've had the feelings of being a murderer when I've taken LSD," says Frank. Says Jerry: "I've never really had violent feelings. Taking an acid trip is just another stage of awareness."

Scrawled on a sign marking

## Fish Lab Closing Rapped By Hart

WASHINGTON (AP) — Sen. Philip A. Hart, D-Mich., says closing the federal government biological research laboratory at Ann Arbor, Mich., would undermine Great Lakes water conservation programs.

The Bureau of Commercial Fisheries, which operates the lab, announced last week the dismissal of 20 employees.

Hart expressed concern Wednesday that the dismissals might mean a reduction or termination of the lab's activities.

He asked Secretary of the Interior Walter J. Hickel to report on department plans for meeting research needs for water resource programs for the Great Lakes.

the on ramp are thoughts born of waiting.

"Been here all night. Wish I was in Seal Beach."

"God is it cold."

"No food, no water, no dope."

"I can't help it how I look. I sure am ugly but I can cook."

"Here I sit in desolation."
